### CALL TO ORDER

Mayor Habib called the meeting to order at 6:00 pm and requested Councilmember Corey McClary to lead in the invocation and Pledge of Allegiance.

II. GENERAL PUBLIC COMMENTS: Note: All comments sent to the City Clerk by 12:00 noon on the date of this meeting, via US Mail or Email, as stated on the meeting Agenda, were forwarded to City Council.

Ms. Sharina Haynes, President of the Goose Creek NAACP, congratulated the City on the planning of its all-inclusive park to be built on the old Casey Center property. She expressed that the members of the NAACP wished to request and ensure the Casey name be included in the naming of the all-inclusive park. Ms. Haynes provided some history as it relates to the Casey name and the area in which the property exists.

Mr. Lamont Joshua, Vice President of the Goose Creek Concerned Citizens, congratulated the City on its planning of the all-inclusive park. He stated one of his family members, Mr. Larry Gourdine, was a member of the Casey community where he lived and attended church and school, before dying for his country in the Vietnam War in 1968. He stated the members of the Goose Creek Concerned Citizens would like to ensure the Casey name is included in the naming of the all-inclusive park. Mr. Joshua provided City Council with some history regarding those who laid the foundation of diversity for the present-day Goose Creek. He stated they would like to see a historical marker in the name of the Casey Community, be erected on the old Casey Center property.

Ms. Brenda Vines-Watson, a member of Joshua United Methodist Church Administrative Council, shared some of the important rich history of the Casey and Mt. Holly communities prior to 1961. She stated it was imperative that we celebrate and include contributions of those individuals who laid the foundation for the

diversity of our present-day City. Ms. Vines-Watson stated they hope City Council shares in the importance of the inclusion of the Casey Community in the naming of the all-inclusive park.

A gentleman from the audience was recognized and stated his concerns about the City choosing to lease lawn equipment instead of purchasing the items.

### III. APPROVAL OF MINUTES:

a. City Council Meeting – March 9, 2021

b. Special City Council Meeting - March 23, 2021

Motion: Councilmember Cox; Second: Councilmember McSwain

Discussion: None. Carried: All ayes.

### IV. PRESENTATIONS & PROCLAMATIONS:

a. Proclamation – Plasma Appreciation Week (CSL Plasma – Lorenzo Bowser, Center Manager)

Mayor Habib read and presented the proclamation to Mr. Bowser.

### V. OLD BUSINESS & PUBLIC HEARINGS

a. A SUPPLEMENTAL ORDINANCE PROVIDING FOR THE ISSUANCE AND SALE OF CITY OF GOOSE CREEK, SOUTH CAROLINA SPECIAL OBLIGATION BONDS (HOSPITALITY FEE PLEDGE), IN THE PRINCIPAL AMOUNT OF NOT EXCEEING \$2,500,000, IN ORDER TO FINANCE THE ACQUISITION, BY CONSTRUCTION OR PURCHASE, OF A RECREATIONAL FACILITY, APPURTENANCES AND IMPROVEMENTS RELATED THERETO; AUTHORIZING THE MAYOR, THE CITY ADMINISTRATOR AND THE FINANCE DIRECTOR, OR ANY TWO OF THEM ACTING TOGETHER, TO DETERMINE CERTAIN MATTERS WITH RESPECT TO THE BONDS; PRESCRIBING THE FORM AND DETAILS OF SUCH BONDS; AND OTHER MATTER RELATING THERETO (Second and Final Reading of a Public Hearing)

Motion: Mayor Pro Tem Tekac; Second: Councilmember Enos

Discussion: Mayor Habib stated the proposed Ordinance authorizes the City to sell Bonds, guaranteed by the City's Hospitality Tax, essentially taking out a loan, to borrow the monies to build the all-inclusive park on the old Casey Community Center property.

Carried: All ayes.

### VI. <u>NEW BUSINESS & PUBLIC HEARINGS</u>

a. A RESOLUTION AND CERTIFICATE OF INCUMBANCY (PNC EQUIPMENT FINANCE, LLC (Introduction and Final Reading of a Public Hearing)

Mayor Habib stated the Resolution is to lease mowing equipment in the Recreation Department. There were no comments from the audience.

Motion: Mayor Pro Tem Tekac; Second: Councilmember Green-Fletcher

Discussion: None. Carried: All ayes.

b. AN ORDINCE TO ADOPT THE 2021 COMPREHENSIVE PLAN UPDATE FOR THE CITY OF GOOSE CREEK, PURSUANT TO THE SOUTH CAROLINA LOCAL GOVERNMENT COMPREHENSIVE PLANNING ENABLING ACT 1994, AS AMENDED (Introduction and First Reading of a Public Hearing)

Motion: Councilmember Green-Fletcher: Second: Councilmember Enos

Discussion: Councilmember McSwain stated she understood the recommendation to mean there would be a removal of the zoning conditions to multi-family residential developments with fewer than 10-15 dwelling units and it would be removed from the ZBA's authority. Mrs. Zeigler stated it is merely an option City staff would have before bringing it before City Council for approval. Mayor Habib stated the City needs to redo its entire Zoning Ordinance and one of the things are the parameters falling under Conditional Use that currently go before the Zoning Board of Appeals. Councilmember McSwain stated based on the redline changes that were added since the Planning Commission recommended the Comprehensive Plan, she did not know if that might be something City Council should ask them about regarding the recommendation in the proposed Ordinance. Mayor Habib stated City Council and City staff had their own discussion at a recent City Council Workshop. Mrs. Zeigler stated the Planning Commission recommended the change at the City Council Workshop and City Council has the authority to make the change, and City Council also has the right to send it back to the Planning Commission or to pass the proposed Ordinance as presented.

Carried: Six (6) ayes; One (1) nay (Councilmember McSwain).

### VII. <u>ADMINISTRATOR'S REPORT</u>

a. Approval of Stewart Cooper Newell Architects (Fire Station IV – Carnes Crossroads Area)

Mrs. Zeigler presented a request for Stewart Cooper Newell Architects to enter into an Agreement for \$48,000, plus travel reimbursements which would include programming, conceptual site design and schematic design phases. She stated if we continue to work with them, these initial fees will be applied towards the building phase fees.

Motion: Councilmember McSwain; Second: Mayor Pro Tem Tekac

Discussion: None. Carried: All ayes.

b. Administration Department - Request to Approve Low Bid for H-Tax Finance for Eubanks Park

Mrs. Zeigler presented a request to approve the low bid for Hospitality Tax Financing for Eubanks Park, and stated the City will secure funding of the project with the lowest interest rate of 1.490%.

Motion: Councilmember McClary; Second: Councilmember Cox

Discussion: None. Carried: All ayes.

c. Recreation Department – Request to Purchase / Grass Cutting Contract (2021 Budgeted Item)

Mrs. Zeigler presented a request from the Director of Recreation to approve the low bid from Tideland Landscaping, LLC in the total amount of \$30,000, as the contractor who will be responsible for cutting, weed eating, edging various parks and green spaces for the Recreation Department.

Motion: Councilmember Cox; Second: Councilmember Green-Fletcher

Discussion: None. Carried: All ayes.

d. Golf Department - Request to Purchase / Equipment Lease (2021 Budgeted Item)

Mrs. Zeigler presented a request from the General Manager of the Golf Department to approve a budgeted expense in the total amount of \$548,817.60 as a 60-month equipment lease agreement with Wells Fargo Equipment Finance. Mr. Howanyk briefed City Council on the details of the agreement and why City staff was proposing a lease versus purchasing of the property. All questions were thoroughly answered.

Motion: Mayor Pro Tem Tekac; Second: Councilmember McSwain

Discussion: None. Carried: All ayes.

e. Police Department - Request to Purchase Police Vehicle Equipment (2021 Budgeted Item)

Mrs. Zeigler presented a request from the Chief of Police to approve the purchase of emergency equipment under State Contract pricing, which include lights and sirens for eleven (11) police vehicles.

Motion: Councilmember Enos; Second: Councilmember Cox

Discussion: None. Carried: All ayes.

f. Police Department - Request to Purchase SWAT Vests (2021 Budgeted Item)

Mrs. Zeigler presented a request from the Chief of Police to approve the purchase of fifteen (15) SWAT vests in the total amount of \$34,450, to replace expiring vests.

Motion: Mayor Pro Tem Tekac; Second: Councilmember McClary

Discussion: Councilmember McSwain inquired how does a SWAT vest expire and how long do they last. Chief Roscoe stated they last five (5) years, and they are a bit more robust than a regular patrol officer's vest and she described the differences.

Carried: All ayes.

g. Office of the City Clerk - Request for Approval of Police Department Records Retention

Mrs. Zeigler presented a request from the City Clerk to approve a police Records Retention Schedule for records regarding Internal Affairs/Supervisory Investigations, it would require the City to keep them for three (3) years and it was approved by the South Carolina State Archives and History.

Motion: Councilmember Enos; Second: Councilmember McClary

Discussion: None. Carried: All ayes.

h. Office of the City Clerk – Request for Approval of Police Department Records Retention

Mrs. Zeigler presented a request from the City Clerk to approve a newly created fire Records Retention Schedule EMS Self-Inspection Report for a period of two (2) years and it was approved by the South Carolina State Archives and History.

Motion: Councilmember Green-Fletcher; Second: Councilmember McClary

Discussion: None. Carried: All ayes.

### VIII. MAYOR'S REPORT

Mayor Habib stated City Council and City staff met for a day long Strategic Planning Workshop to discuss the direction they would like to see the City of Goose Creek heading in the next one (1) to three (3) years and what the City's goals and ambitions are in the future. He stated during that workshop, they also took an hour and a half and discussed a Strategic Plan for our City's parks. He stated those parks and everything else contribute to the quality of life we all share and that we all love, and he wants to make sure everyone understands we are all on the same page.

Mayor Habib mentioned and elaborated on a few upcoming events, Eat In The Creek and Spring Concert Series at the City's golf course in Crowfield and invited everyone to attend.

## "FAIR HOUSING MONTH" APRIL 2021

WHEREAS, The Fair Housing Act, enacted on April 11, 1968, enshrined into federal law the goal of eliminating racial segregation and ending housing discrimination in the United States; and

WHEREAS The Fair Housing Act prohibits discrimination in housing based on race, color, religion, sex, familial status, national origin, and disability, and commits recipients of federal funding to affirmatively further fair housing in their communities; and

WHEREAS, the City of Goose Creek is committed to the mission and intent of Congress to provide fair and equal housing opportunities for all; and

WHEREAS, our social fabric, the economy, health, and environment are strengthened in diverse, inclusive communities; and

WHEREAS, more than fifty years after the passage of the Fair Housing Act, discrimination persists, and many communities remain segregated; and

WHEREAS Acts of housing discrimination and barriers to equal housing opportunity are repugnant to a common sense of decency and fairness.

WHEREAS NOW THEREFORE BE IT RESOLVED that the Mayor of City of Goose Creek does hereby declare the month of May 2021 as

### Fair Housing Month

In the City of Goose Creek as an inclusive community committed to fair housing, and to promoting appropriate activities by private and public entities to provide and advocate for equal housing opportunities for all residents and prospective residents of the City of Goose Creek.

IN WITNESS WHEREOF, I, Gregory S. Habib, hereunto set my hand and caused the seal of the City of Goose Creek to be affixed this  $5^{th}$  day of May 2021.

### INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the City Council City of Goose Creek, South Carolina

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the **City of Goose Creek, South Carolina** (the "City"), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Goose Creek, South Carolina, as of December 31, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 5 through 15), the Schedule of Revenues, Expenditures and Changes in Fund Balances -Budget and Actual - General Fund (on page 74), the Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual – Local Hospitality Tax Fund (on page 75), the Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual – Goose Creek Municipal Finance Corporation, (on page 76), the Schedule of Proportionate Share of the Net Pension Liability – South Carolina Retirement System (page 78), the Schedule of Proportionate Share of the Net Pension Liability - Police Officers Retirement System (page 78), the Schedule of Contributions - South Carolina Retirement System (page 79) and the Schedule of Contributions -Police Officers Retirement System (page 79) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Goose Creek, South Carolina's basic financial statements. The combining and individual nonmajor fund financial statements (on pages 81 - 84), the Comparative Schedules of Revenues – General Fund (on page 85), the Comparative Schedules of Expenditures – General Fund (on page 86), and the Comparative Schedules of Expenses – Proprietary Fund Type – Enterprise Funds (on page 87) are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Uniform Schedule of Court Fines, Assessments and Surcharges (per ACT 96) (on pages 88 and 89) is presented for purposes of additional analysis as required by the State of South Carolina, and is not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, the Comparative Schedules of Revenues – General Fund, the Comparative Schedules of Expenses – Proprietary Fund Type – Enterprise Funds, and the Uniform Schedule of Court Fines, Assessments and Surcharges (per ACT 96) are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, the Comparative Schedules of Revenues – General Fund, the Comparative Schedules of Expenditures – General Fund, the Comparative Schedules of Expenses – Proprietary Fund Type – Enterprise Funds, and the Uniform Schedule of Court Fines, Assessments and Surcharges (per ACT 96) are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

We also have previously audited, in accordance with auditing standards generally accepted in the United States of America, the City of Goose Creek, South Carolina's basic financial statements for the year ended December 31, 2019, which are not presented with the accompanying financial statements and we expressed unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information in our report dated May 7, 2020. That audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Goose Creek, South Carolina's basic financial statements as a whole. The partial comparative information included in the Comparative Schedules of Revenues - General Fund, the Comparative Schedules of Expenditures - General Fund, and the Comparative Schedules of Expenses – Proprietary Fund Type – Enterprise Funds for the year ended December 31, 2019, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2019 basic financial statements. The information has been subjected to the auditing procedures applied in the audit of those basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In our opinion, the 2019 partial comparative information included in the Comparative Schedules of Revenues – General Fund, the Comparative Schedules of Expenditures – General Fund, and the Comparative Schedules of Expenses – Proprietary Fund Type – Enterprise Funds is fairly stated in all material respects in relation to the basic financial statements from which they have been derived.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 5, 2021, on our consideration of the City of Goose Creek, South Carolina's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Goose Creek, South Carolina's internal control over financial reporting and compliance.

As management of the City of Goose Creek (the City), we offer the readers of our financial statements this narrative, overview and analysis of the financial activities of the City for the year ended December 31, 2020. We encourage readers to consider the information presented here in conjunction with the basic financial statements and the accompanying notes.

### **Financial Highlights**

- The governmental activities and business-type activities combined assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at December 31, 2020 by \$63,422,394 (net position). The unrestricted net position deficit was \$3,825,667 due to the Governmental Accounting Standards Board's requirement to record a net pension liability of \$30,806,088. Total net position increased \$4,431,400. The increase was largely due to increased revenues from business licenses, property taxes, and local option sales tax revenues.
- On December 31, 2020, the City's governmental funds reported a combined ending fund balance of \$16,624,506, an increase of \$2,808,566. The increase was primarily the result of an increase in business license collections, property taxes, and local option sales tax revenue in the general fund. The fund balance for the general fund was \$10,180,246, or 43.3% of the total general fund expenditures.
- The City's governmental activities capital assets decreased by \$339,220 (.85%). This decrease was primarily the result current year disposals of capital assets as well as the completion of construction in progress that was transferred to the business-type activities. The City purchased police vehicles, a new fire truck, and other equipment. Current year capital asset additions were \$2,152,041 being offset by depreciation expense of \$1,932,450. The City's business-type activities capital assets decreased by \$102,623 (.26%), with current year capital asset additions of \$1,294,181 being offset by depreciation expense of \$1,742,500.

### **Overview of the Financial Statements**

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The basic financial statements are comprised of three sections: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide Financial Statements** – The *government-wide financial statements* provide a broad overview of the City's operations in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in *net position* may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave.)

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and all intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, planning, police, fire, court, sanitation, maintenance, garage, and recreation. The business-type activities include the water, recreation and golf course operations.

The government-wide financial statements can be found on pages 16-18 of this report.

**Fund Financial Statements** – A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Goose Creek, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Goose Creek can be classified into two categories: governmental and proprietary funds.

**Governmental Funds** – *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. All of the City's basic services are reported in the governmental funds financial statements, which focus on how money flows into and out of those funds in the near-term and the balances left at year-end that are available for commitment. Consequently, the governmental funds statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be committed in the near future to finance the City of Goose Creek's programs. This information may be useful in evaluating the City's near-term financing requirements.

Because this focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the governmental wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of Goose Creek maintains nine individual governmental funds. Information is presented separately in the governmental fund balance sheet in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund, the tax increment financing fund and the local option sales tax fund all of which are considered to be major funds. Data from the other ten governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City of Goose Creek adopts an annual appropriated budget for the general fund, the local hospitality tax fund, the Goose Creek Municipal Finance Corporation, and all special revenue funds.

The basic governmental fund financial statements can be found on pages 19-22 of this report.

**Fiduciary Funds** – Fiduciary funds are used to account for resources held for the benefit of parties outside of government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 27 and 28 of this report.

**Proprietary Fund** – The City of Goose Creek maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City of Goose Creek uses enterprise funds to account for its water, recreation and golf course operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water, recreation and golf operations, all of which are considered to be major funds of the City of Goose Creek.

The basic proprietary fund financial statements can be found on pages 23-26 of this report.

**Notes to the Financial Statements** – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 29-73 of this report.

**Other Information** – The City adopts an annual appropriated budget for its general fund and all of the special revenue funds. A budgetary comparison schedule has been presented as required supplementary information for the general fund and major governmental funds to demonstrate compliance with the budget. Required supplementary information can be found on pages 74-80 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 81-84 of this report.

### **Government-wide Financial Analysis**

As noted earlier, the net position may serve over time as a useful indicator of a government's financial position. The City of Goose Creek's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$63,422,394 at the close of the most recent fiscal year.

The largest portion of the City's net position is its investment in capital assets (e.g. land, buildings, vehicles and equipment), less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to the citizens; consequently, they are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Charges for services were the City's largest program revenue, accounting for \$14,008,868 (46.2%) of total governmental revenues. These charges are for fees related to business licenses, building permits, court fines and E911 fees.

Property tax revenues accounted for \$4,290,180 (14.1%) of governmental revenues. Another component of general revenues that is related to property taxes is the revenue received from local option sales taxes which accounted for \$5,324,892 (17.6%). Franchise fees of \$2,836,814 (9.4%) and the local hospitality tax of two percent of the sales of food and beverages generated \$2,018,313 (6.7%) in revenue. The top five revenue sources combined for a total of at \$28,479,067 (93.9%) of the revenue for the City.

The Police Department program accounted for \$9,044,361 (35.6%) of the \$25,434,770 total expenses for governmental activities. The Fire Department had the next largest program accounting for \$7,344,154 (28.9%) of the total governmental expenditures.

### **Expenditures by Department**

The following table for governmental activities indicates the total cost of services and the net cost of services. The statement of activities reflects the cost of program services and the charges for services, grants and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted intergovernmental revenues.

Program revenues from charges for services and operating and capital grants of \$14,523,401 (55.0) of the total costs of services) were received and used to fund the general government expenses of the City. The remaining \$10,911,369 in general government expenses were funded by property taxes, local option sales taxes, hospitality tax, franchise fees, unrestricted grants and other revenue.

### **Business-type Activities**

Charges for services were the City's largest business-type program revenue, accounting for \$7,979,892 (91.3%) of the total business-type activities program revenues. These charges are: water and water services, (i.e. sales of water, tap and impact fees, late charges, administration fees, and fire demand fees) for the water enterprise fund; recreation fund revenue from memberships, recreation fees, class fees and concession stand sales; and memberships, green fees, cart fees, pro shop sales, and food and beverage sales for the golf enterprise fund. The recreation fund received \$2,566,731 during 2020 from the general fund for recreation operations.

The water enterprise fund also had capital contributions of \$755,334 for the water lines which were primarily installed at Carnes Crossing and Cokers Crossing.

### Financial Analysis of the City of Goose Creek's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

**Governmental Funds -** The purpose of the City's governmental fund financial statements is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of December 31, 2020, the City's total governmental funds reported a combined ending fund balance of \$16,621,506. Approximately 45.5% of this total (\$7,562,921) is unassigned fund balance. The remaining fund balances are: nonspendable, \$695,433; restricted, \$6,352,131 committed, \$18,714; and assigned, \$1,992,307. The largest portion of the restricted fund balance is \$2,777,055 for capital projects.

The general fund is the primary operating fund of the City. At the end of the current year the unassigned fund balance of the general fund was \$7,566,099 with a total fund balance of \$10,180,246. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 32.2% of total general fund expenditures, while total fund balance represents 43.3% of that same amount.

The City instituted a two percent hospitality tax on food and beverages in 2014. Revenue generated from the hospitality fee must be used for purposes which include; tourism-related, cultural, recreational or historical facilities. During 2020 \$345,696 was spent for capital projects for the recreation and golf enterprise funds. The hospitality fund revenue for 2020 was \$1,994,596.

The Goose Creek Municipal Finance Corporation is the funding mechanism for the construction of the Headquarters Fire Station and the substation and repayment of the associated debt; all expenditures in 2020 were spent for bond compliance and principal and interest payments.

**Proprietary Funds** – The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

As stated earlier the business-type activities net position increased by \$2,433,639 primarily due to an increase in gymnastics revenue and some golf course improvements that were funded by hospitality tax fund revenues and the associated transfer in of \$345,696. Another contributing factor for this increase was capital contributions of water lines in the water fund totaled \$755,334. The total change in net position for the funds was an increase of \$1,877,470 in the water department and an increase of \$556,169 in the recreation department. Other factors concerning the finances of these two funds have already been addressed in the discussion of the City's business-type activities.

### **Budgetary Highlights**

The City's general fund revenues were \$1,272,102 more than budgeted and was primarily due from an increase in licenses and permits as well as charges for services. Expenditures were \$670,062 more than budgeted, which was the result of the purchase of a fire truck with note proceeds from the prior year. The actual increase in the City's general fund balance was \$673,019. The hospitality fund had an increase in fund balance of \$954,892 which was \$673,004 more than what was budgeted. This was primarily due to hospitality tax collections exceeding the budged amount by \$226,517 and a decrease in capital outlay expenditures from the prior year due to timing as a result of a COVID-19. The Goose Creek Municipal Finance Corporation had \$5,617,082 in expenditures, which was \$4,964,229 more than budgeted. This was due the debt service expenditures to refinance bonds.

### **Capital Assets and Debt Administration**

**Capital Assets -** The City's investment in capital assets for its governmental and business-type activities as of December 31, 2020, was \$79,524,229 (net of accumulated depreciation). This investment in capital assets includes, land, construction in progress, buildings, improvements, vehicles, computers, software, equipment, mast arms and infrastructure.

### **Capital Assets and Debt Administration (Continued)**

Some of the major capital asset events during the current fiscal year included the following:

- Construction in progress for new parks \$172,333
- Golf course improvements \$227,388
- Water system improvements \$248,921
- Purchase of ten police vehicles \$320,880
- Purchase of a new fire truck \$566,696
- Purchase of hardware for IT \$1117,153
- Purchase of two trucks for the fire department \$57,331
- Purchase of equipment for the fire department, which included new SCBAs \$96,324
- Resurfacing the pool in the recreation department \$57,313
- Resurfacing the tennis courts in the recreation department \$32,200
- Contribution of water lines \$755,334

Additional information on the City's capital assets can be found in Note 6 - Capital Assets.

**Long-Term Debt -** At the end of the current fiscal year, the City had a total long-term debt outstanding of \$18,628,299. The debt does not comprise debt backed by the full faith and credit of the government. The governmental activities debt consists of a revenue bond payable of \$4,889,000 for the construction of two fire stations; a revenue bond of \$6,765,885 for the construction of a recreation facility; a note payable of \$142,836 for the purchase of three sanitation trucks; a note payable for the purchase of a pumper truck \$272,453, a note payable for the purchase of three refuse collection vehicles \$406,808, and a capital lease payable of \$58,289 for the purchase of emergency medical equipment for the fire department. The business-type activities debt includes a note payable of \$5,927,465 for the construction of a water tower and expansion of the water system and capital leases of \$165,563 for the purchase of golf maintenance equipment.

Additional information on the City's long-term debt can be found in Note 8 - Long-Term Debt.

#### CITY OF GOOSE CREEK, SOUTH CAROLINA REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED) MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED DECEMBER 31, 2020

#### **Economic Factors and Next Year's Budget**

The City continues to experience both economic and population growth. According to the City's latest economic development strategic plan, the City population climbed over 45,000 in 2020. This represents at 27.4% increase in population since 2010. Population is expected to reach near 50,000 by 2024.

The City issued 218 fewer business licenses during 2020 than the prior year which is a 5% decrease from the prior year. Business license revenue increased 1% which equated to approximately \$115,301. This was attributable to an increase of \$299,072,615 in reported gross sales by companies doing work within the city limits, which had a positive impact on business license revenue. Building permit revenue decreased \$195,695 from 2019, and 336 more permits were issued, an 11% decrease.

The City issued 378 new housing construction permits, an increase of 13 or 4% over the previous year. The City has development agreements that will provide in excess of over 10,000 new houses and several large commercial development sites over the next twenty years ensuring long term managed growth.

During the current fiscal year, the City's general fund balance increased \$673,019 primarily the result of increased revenues from business licenses, property taxes, and local option sales taxes. The Goose Creek Municipal Finance Corporation Fund's fund balance increased \$138,685, as the result of the refinance of a bond.

The hospitality tax fund balance increased by \$954,892 as the result of the increased hospitality tax collections. The total other governmental fund balances increased by \$1,041,970 which was primarily the result of an increase in impact fees.

The City still maintains the funds necessary to continue to provide quality services to the residents.

Commercial Development continued its rapid pace in the city, with over \$823M in gross taxable sales for the year (Department of Revenue). In addition to existing retail sales growth, new retail and commercial spaces also began operation—including Goose Creek Village, CR Hipp, and new commercial opportunities in Carnes Crossroads.

The city also announced its first brewery, Creek City Grill and Brewery. Creek City will occupy the City's original fire station, which became an obsolete asset with the opening of the new Fire Department Headquarters. The project was an innovative collaboration between the City and private development partners to create a gathering space and fill food and beverage opportunity gaps in the community. Nearly complete, Creek City will open in Summer of 2021.

The City continues its work with CDRA, the County Economic Development Staff, and the SC Department of Commerce to fill the Crowfield Corporate Park with industrial operators. Near the end of 20, several projects with our economic development allies continued in both the Crowfield Corporate Park and other areas throughout town, reflecting our focus not only on traditional economic development, but also on attracting amenity style businesses to the community. This includes several multi-tenant projects along St. James Avenue and within the Carnes Crossroads planned development.

Goose Creek also responded to the Covid-19 crisis as it impacted businesses. City Council began the Kickstart the Creek campaign in response to struggling small businesses within our community. Kickstart the Creek is a working loan program, which is using \$250,000 of unassigned fund balance, set aside to distribute loans of up to \$25,000 to small businesses. The program is a partnership with Charleston LDC, a well-established Community Development Finance Institution, who performs loan examination and administration. So far, the program has assisted two businesses with their working capital needs.

#### CITY OF GOOSE CREEK, SOUTH CAROLINA REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED) MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED DECEMBER 31, 2020

The City continued a multi-year water system capital improvements project and has been able to replace approximately 950 linear feet of failing asbestos-cement water main with C900 PVC water mains while adding additional fire hydrants to increase fire protection for the residents. Funding for the improvements were provided via the annual water enterprise budget for "Improvements to the System" 800-8015.

The water enterprise fund installed 279 new water taps during 2020 as a result of new housing construction. The radio-read meter upgrade program installation to convert all manual-read water meters to radio-read meters has continued on schedule; 11,426 meters have been installed or converted through 2020, leaving approximately 185 to be converted over the next year for complete the project.

The General Fund 2020 budget is \$1,272,102 (5.0%) higher than the approved 2020 budget for revenues and \$670,062 (2.9%) higher for expenditures. A large portion of the budgeted increase in revenue comes from anticipated increases in property taxes, local option sales taxes, and business licenses. The General Fund 2020 expenditure budget continues to focus on strengthening the police and fire departments as well as funding more municipal services.

Like many municipalities, the City is closely monitoring the effects of the coronavirus and COVID – 19 pandemic. The overall effect on the City has not yet been determined.

#### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Goose Creek, South Carolina (the "City") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

#### A. Reporting Entity

The City operates under a charter originally granted by the State of South Carolina on March 22, 1961. The City was incorporated according to Section 47-22 of the 1962 Code, as amended, on May 6, 1976. The City adopted the Mayor-Council form of government as described in the Code of Laws of South Carolina 1976, Section 5-9-40. The Mayor and six-member Council for the City serve overlapping terms of four years.

In evaluating how to define the government for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB Statement No. 14, as amended by GASB Statement No. 61, which defines a primary government as an entity with a governing body elected in a general election and which is legally separate and fiscally independent. Any entity which does not meet the above criteria is potentially a component unit of a primary government. The City is a legally separate and fiscally independent entity whose governing body is a council whose members are elected in a general election and should therefore be considered a primary government. The component unit discussed below is included in the City's reporting entity because of the significance of its operational or financial relationship with the City.

In conformity with generally accepted accounting principles, the financial statements of the component unit have been included in the financial reporting entity as a blended component unit. Blended component units, although legally separate entities, are in substance, part of the government's operations, and so data from these units are appropriately presented as funds of the primary government.

#### **Blended Component Unit**

The Goose Creek Municipal Finance Corporation (the "Corporation") is a separately administered organization controlled by and dependent on the City. The Corporation is a South Carolina not-for-profit corporation and is exempt from income taxation under Internal Revenue Code Section 501(c)(3). The Corporation has been organized exclusively for public and charitable purposes, specifically to carry out the acquisition and construction of capital assets, issuance of bonds to finance the construction of the capital projects, and to own and lease the facilities to the City for essential governmental functions in connection with tax exempt lease purchase financing of such facilities.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### A. Reporting Entity (Continued)

The Board of Directors of the Corporation are:

NameOfficerNatalie Zeigler – City AdministratorPresidentGregory Habib – MayorVice PresidentTyler Howanyk – Finance DirectorTreasurer/Secretary

The Goose Creek Municipal Finance Corporation is reported as a Capital Projects Fund and does not issue separate financial statements.

#### B. Government-wide and Fund Financial Statements

#### Government-wide Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. All fiduciary activities are reported only in the fund financial statements. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable, when applicable.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment.

#### Fund Financial Statements

The fund financial statements provide information about the government's funds, including its fiduciary fund and blended component unit, when applicable. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and proprietary funds. All remaining governmental and proprietary funds are aggregated and reported as nonmajor funds. Major individual governmental and proprietary funds are reported as separate columns in the fund financial statements.

#### B. Government-wide and Fund Financial Statements (Continued)

#### Major Funds

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Local Hospitality Tax Fund is a special revenue fund used to account for taxes collected on the sales of prepared meals and beverages sold in establishments. The expenditures of these taxes must be related to or for the promotion of tourism.

The Goose Creek Municipal Finance Corporation is a blended component unit of the City, reported as a capital projects fund. It accounts for the issuance of bonds to finance the construction of a fire station and fire station headquarters and to own and lease the facilities to the City for essential government functions in connection with the tax exempt lease purchase financing of such facilities.

The City reports the following major proprietary funds:

The Water Department Fund accounts for the operations and maintenance of the water distribution system owned by the City.

The *Recreation Department Fund* accounts for the operations and maintenance of the recreation facilities managed by the City as well as the Crowfield Golf Club.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### B. Government-wide and Fund Financial Statements (Continued)

#### Nonmajor Funds

In addition, the City reports the following fund types:

The Special Revenue Funds account for revenue sources that are legally restricted to expenditures for specific purposes (not including expendable trusts or major capital projects) such as grants, fire and other special purpose fees.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital projects, other than those financed by proprietary funds.

The *Fiduciary Fund* is used to account for assets held by the government in a trustee capacity or as an agent on behalf of others. The Fiduciary fund is custodial in nature and is not reflected in the government-wide financial statements because the resources are not available to support the City's own programs.

During the course of operations, the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds, when applicable) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured, such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements and proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Revenue from grants, entitlements and donations are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. State-levied locally shared taxes are recognized as revenue in the year appropriated by the state.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Revenues are considered to be measurable if the amount is known or reasonably estimable at year-end. The following revenue sources are deemed both measurable and available if collected within 60 days of year-end: delinquent property taxes, investment earnings, fines and forfeitures, state-levied locally shared taxes, insurance taxes, certain charges for services such as sanitation fees, and grant revenues for which all eligibility requirements imposed by the provider have been met. Permits, vehicle and some franchise taxes, licenses, and miscellaneous revenues, although they may be available within 60 days of year-end are considered to be measurable only when cash is received by the City.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds.

Proceeds of general long-term debt and proceeds for acquisitions under capital leases are reported as other financing sources.

The fiduciary fund is reported using the economic resources measurement focus and the accrual basis of accounting.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Deposits and Cash and Cash Equivalents

The *deposits* classification is used only in the notes, not on the face of the statement of net position or balance sheet. Deposits include only cash on hand, pooled money market funds and certificates of deposit.

The City considers *cash* and *cash* equivalents to be currency on hand, demand deposits with banks, amounts included in pooled cash and investment accounts, and liquid investments with an original maturity of three months or less when purchased.

#### E. Investments

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools, investments are carried at fair value determined annually based upon quoted market prices. The total fair value of the Pool is apportioned to the entities with funds invested on an equal basis for each share owned, which are acquired at a cost of \$1.00.

The City did not have any investments as of December 31, 2020.

#### F. Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either interfund receivables/payables, i.e., the current portion of interfund loans, or advances to/from other funds, i.e., the noncurrent portion of interfund loans. All other outstanding balances between funds are reported as due to/from other funds.

Advances between funds are offset by a nonspendable fund balance account in applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources.

Taxes receivable shown are comprised of delinquent real property taxes, net of an allowance for uncollectible accounts, and the January 2020 property tax assessment levied for the 2021 fiscal year, which is deferred in the General Fund and the Recreation Department Enterprise Fund. The current property tax receivable allowance for uncollectible accounts is estimated at one percent of the current property tax levy.

All trade and accounts receivable are reported net of an allowance for the uncollectible amounts. The City computes the allowance for uncollectible amounts based on an estimate of collections within each aging category of receivables.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### G. Inventories and Prepaid Items

Inventories of the General Fund are valued at cost determined by the first-in, first-out method. The consumption method of accounting is used to record inventories under which the cost of inventory is recorded as an expenditure when consumed rather than when purchased. Inventory items consist of various types of fuel and replacement parts for vehicles and equipment.

Inventories of the Enterprise Funds are recorded at cost determined by the first-in, first-out method. Inventory items consist of supplies used to install water systems and merchandise to be sold at the Crowfield Golf Club.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The costs of prepaid items are recorded as expenditures/expenses when consumed rather than when purchased.

#### H. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets and infrastructure are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Assets with individual values under \$5,000 are considered capital assets if purchased in bulk and acquired by issuance of capital lease obligations. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their respective acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### H. Capital Assets (Continued)

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of enterprise fund fixed assets is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period. Interest incurred during construction of governmental-type activities is not capitalized. All reported capital assets except land and construction in progress are depreciated. Useful lives for infrastructure are estimated based on the City's historical records of necessary improvements and replacements. Depreciation is provided using the straight-line method over the following estimated useful lives:

Asset	Years
Buildings	40-50
Improvements	15-30
Land improvements	10-20
Vehicles	5-15
Software	5
Mast arms	20
Equipment and computers	5-15
Water systems	20-40
Streetscapes	5-20
Infrastructure	20-30

#### I. Impact Fee

According to City Ordinance 88-12, any person seeking to develop land shall pay an impact fee, which is accounted for in the Impact Fee Special Revenue Fund. Expenditures from the fund shall be made in the order in which they are collected. The disbursement of funds shall require the approval of City Council upon recommendation of the City Administrator or its designee. Eligible system improvement costs shall be limited to design construction plan preparation; right-of-way acquisition; construction of new facilities; purchase of equipment greater than \$10,000, construction of new drainage facilities associated with capital improvements; principle and interest payments on bonds or indebtedness issued by or on behalf of the City for financing any or all public facilities. Impact fees not obligated for expenditure within three years of the date they are scheduled to be expended in the City of Goose Creek Capital Improvements Plan shall be returned, with actual interest earned, to the record owner of the property for which the fees were collected, on a first-in, first-out basis.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### J. Deferred Outflows/Inflows of Resources and Unearned Revenue

#### **Deferred Outflows of Resources**

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has five items that qualify for reporting in this category, which are related to pension obligations as follows:

- 1. Pension contributions made subsequent to the measurement date, which will be recognized as a reduction of the net pension liability in the subsequent year.
- 2. The net difference between the projected and actual earnings on pension plan investments, which is deferred and amortized over a closed five-year period.
- The differences between expected and actual experience is amortized into pension expense beginning in the year the deferral occurs over a closed period equal to the average remaining service lives of all plan participants.
- 4. Changes in actuarial assumptions adjust the net pension liability and are amortized into pension expense over the expected remaining service lives of plan members.
- 5. The changes in proportion and differences between employer contribution and proportionate share of contributions, which will be deferred and amortized over the remaining service lives of all plan participants.

#### **Deferred Inflows of Resources**

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has the following items that qualify for reporting in this category:

- 1. Business licenses collected and property taxes billed and/or collected in advance of the year for which levied or imposed.
- The differences between expected and actual experience is amortized into pension expense beginning in the year the deferral occurs over a closed period equal to the average remaining service lives of all plan participants.
- 3. The changes in proportion and differences between employer contribution and proportionate share of contributions, which will be deferred and amortized over the remaining service lives of all plan participants.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### J. Deferred Outflows/Inflows of Resources and Unearned Revenue (Continued)

#### Deferred Inflows of Resources (Continued)

The government also has inflows which arise under the modified accrual basis of accounting that qualify for reporting in this category. The item, *unavailable revenue*, is reported only in the governmental funds balance sheet. As such, under the modified accrual basis of accounting, the governmental funds report unavailable revenues from state aid to subdivisions, uncollected EMS fees, and court fines and forfeitures. These amounts are deferred and recognized as an inflow of resources in the period that the amount became available.

#### **Unearned Revenue**

The City also defers revenue recognition in connection with resources that have been billed or received, but not yet earned, such as memberships and gift certificates, when applicable.

#### K. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the South Carolina Retirement System (SCRS) and the Police Officers Retirement System (PORS) and additions to/deductions from the SCRS's and PORS's fiduciary net position have been determined on the accrual basis of accounting as they are reported by SCRS and PORS, respectively, in accordance with Generally Accepted Accounting Principles (GAAP). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### L. Net Position and Fund Balance

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

**Fund Balance** – Generally, fund balance represents the difference between the assets and deferred outflows of resources and liabilities and deferred inflows of resources under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### L. Net Position and Fund Balance (Continued)

#### **Fund Balance (Continued)**

Fund balances are classified as follows:

**Nonspendable** – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in a spendable form or (b) legally or contractually required to be maintained intact.

**Restricted** – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws and regulations of other governments.

**Committed** – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the City Council through the adoption of a resolution or passage of an ordinance. Only the City Council may modify or rescind the commitment.

**Assigned** – Fund balances are reported as assigned when amounts are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. Intent can be expressed by council or by an official or body to which City Council delegates the authority. The City Council has delegated such authority to the City Administrator.

**Unassigned** – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the General Fund. Negative unassigned fund balances may be reported in all funds.

**Flow Assumptions** – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order: 1) committed, 2) assigned, and 3) unassigned.

**Fund Balance Policy** – The City strives to maintain a minimum unassigned fund balance and unrestricted net position in various funds for the purpose of floating the City's operations in times of temporary cash flow shortages, emergencies, unanticipated economic downturns, and one time opportunities.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### L. Net Position and Fund Balance (Continued)

The minimum fund balances are based on a percentage of the subsequent years budgeted expenditures in the fund. The minimum fund balances are as follows:

General Fund 25%
Water Department Enterprise Fund 20%
Recreation Department Enterprise Fund 10%

#### M. Accounting Estimates

The preparation of financial statements in accordance with GAAP requires the City's management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### N. Revenues and Expenditures/Expenses

**Program Revenues -** Amounts reported as program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

**Property Taxes and Sanitation Fees -** Property taxes attach as an enforceable lien on property as of January 1 of the current year. Taxes are levied and billed the following September on all property other than vehicles and are payable without penalty by January 15th of the following year. Penalties are assessed on unpaid taxes on the following dates: January 16th – 3%; February 2nd – an additional 7%; March 16th – an additional 5%. If not paid by October 1st, the property is subject to sale by the Berkeley County Delinquent Tax Office. Berkeley County bills and collects current and delinquent property taxes under contractual agreements with the City. The City tax revenues are recognized in the period for which they are levied; therefore, revenue recognition is deferred. Taxes on licensed motor vehicles are levied during the month when the taxpayer's license is up for renewal and are, therefore, recognized as revenue when cash is received by the City.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### N. Revenues and Expenditures/Expenses (Continued)

Taxes recognized as revenue and used for the 2020 calendar year are based on property assessed as of July, 2019, and billed in September 2019. The City tax rate to finance general governmental services for the year ended December 31, 2020, was set at 47.5 mills (\$4.75 per \$100 assessed valuation) for general uses and purposes of the City. The assessed valuation of properties, exclusive of vehicles (valued at \$18,425,140), within the City's district as of December 31, 2020, was \$161,391,820 according to records of the Berkeley County Auditor. The City's levy on property assessed as of July 2020, and billed in September 2020, will generate taxes to be used for the 2021 calendar year. Although a receivable is recorded at December 31, 2020, such revenue is recorded as a deferred inflow of resources.

The City levies the sanitation fees for permanent improvements and for the purpose of paying current expenditures of the City. Revenue is recognized when fees are received during the current calendar year or within 60 days subsequent to year-end. The sanitation fee rate is \$135 on every single-family occupied residential lot within the corporate limits of the City. Berkeley County bills and collects sanitation fees under a contractual agreement with the City.

#### O. Compensated Absences

**Vacation** – The City's policy permits employees to accumulate earned but unused vacation benefits, which are eligible for payment upon separation from government service. The liability for such leave is reported as incurred in the government-wide and proprietary fund financial statements. A liability for those amounts is recorded in the governmental funds only if the liability has matured as a result of employee resignations or retirements. The liability for compensated absences includes salary-related benefits, where applicable.

**Sick Leave** – Accumulated sick leave lapses when employees leave the employ of the City and, upon separation from service, no monetary obligation exists.

#### P. Proprietary Funds Operating and Non-operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing goods and services in connection with a proprietary fund's principal ongoing operations. The City's business-type activities accounted for in proprietary funds are chiefly water sales and services, recreation services and property taxes levied to support recreational activities, and golf memberships and fees. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

#### NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### **Excess of Expenditures over Appropriations**

For the year ended December 31, 2020, expenditures exceeded appropriations for the following functions:

			Excess			
Fund	Function	E	Expenditures			
General	Legislative	\$	48,621			
	Administrative		192,284			
	Garage		27,002			
	Capital outlay		1,176,770			
	Debt service		4,521			
Local Hospitality Tax Fund	Administrative	\$	45,922			
Goose Creek Municipal						
Finance Corporation	Administrative	\$	113,850			
	Debt service		4,850,379			

The over expenditures in the General Fund, the Local Hospitality Tax Fund, and the Goose Creek Municipal Finance Corporation Fund were funded by greater than anticipated revenues and transfers in from other funds.

#### NOTE 3. CASH AND INVESTMENTS

Total deposits and investments as of December 31, 2020, are summarized as follows:

Statement of Net Position:	
Cash	\$ 27,414,073
Restricted cash	177,302
Total cash	27,591,375
Statement of Fiduciary Net Position	
Cash	85,084
	\$ 27,676,459
Cash deposited with financial institutions	\$ 7,585,764
South Carolina Local Governmental Investment Pool	20,090,695
	\$ 27,676,459

At December 31, 2020, the City's pooled cash included local government pools, which is managed by the State of South Carolina. The fair value of its position in the pool is the same as the value of the pool shares.

Under State law, the City is authorized to hold funds in deposit accounts with banking institutions and invest funds in the following items: obligations of the United States and agencies thereof, obligations of the State of South Carolina or any of its political units, banks and savings and loan associations to the extent insured by an agency of the federal government, and/or certificates of deposit where the certificates are federally insured or collaterally secured by collateral of the types in the previously mentioned items.

#### Custodial Credit Risk – Deposits

In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City does not have a policy for custodial credit risk. However, South Carolina state statutes provide that banks accepting deposits of funds from local government units must furnish an indemnity bond or pledge as collateral obligations of the United States, South Carolina and political subdivisions of South Carolina, the Federal National Mortgage Association, the Federal Home Loan Bank, the Federal Farm Credit Bank, or the Federal Home Loan Mortgage Corporation. As of December 31, 2020, the City's bank balance of \$8,386,998 was fully insured or collateralized by government investments held by the pledging financial institution's trust department or agent in the City's name.

#### NOTE 3. CASH AND INVESTMENTS (COTINUED)

#### Interest Rate Risk - Investments

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes.

The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

#### Credit Risk - Investments

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City has adopted an investment policy in accordance with state statutes, which authorizes the City to invest in the following:

- Obligations of the United States and agencies thereof;
- Obligations issued by the Federal Financing Bank, Federal Farm Credit Bank, the Bank of Cooperatives, the Federal Intermediate Credit Bank, the Federal Land Banks, the Federal Home Loan Banks, the Federal Home Loan Mortgage Corporation, the Federal National Mortgage Association, the Government National Mortgage Association, the Federal Housing Administration, and the Farmers Home Administration, if, at the time of investment, the obligor has a long-term, unenhanced, unsecured debt rating in one of the top two ratings categories, without regard to a refinement or gradation of rating category by numerical modifier or otherwise, issued by at least two nationally recognized credit rating organizations;
- General obligations of the State of South Carolina or any of its political units;
- 4. Savings and loan association deposits to the extent insured by the Federal Deposit Insurance Corporation;
- Certificates of deposit and repurchase agreements collateralized by securities of the type described in (1) and (2) above held by a third party as escrow agent or custodian, of a market value not less than the amount of certificates of deposit and repurchase agreements so secured, including interest; and
- No-load open and closed-end management type investment companies or investment trusts registered under the Investment Company Act of 1940, as amended, where the investment is made by a bank or trust company or savings and loan association or other financial institution when acting as trustee or agent for a bond or other debt issue of that local government unit.

#### NOTE 3. CASH AND INVESTMENTS (CONTINUED)

In addition, South Carolina state statutes authorize the City to invest in the South Carolina Local Government Investment Pool (LGIP). The LGIP is an investment trust fund created by state legislation, in which public monies under the custody of any political subdivision in excess of current needs may be deposited. The LGIP is permitted to purchase obligations of the United States, its agencies and instrumentalities, and any corporation within the United States if such obligations bear any of the three highest ratings of at least two nationally recognized rating services.

As of December 31, 2020, the City did not have any investments.

#### Concentration of Credit Risk - Investments

Concentration of credit risk is the risk of loss attributable to the magnitude of the City's investment in a single issuer. The City places no limit on the amount the City may invest in any one issuer.

#### Custodial Credit Risk - Investments

For investments, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The City does not have a formal investment policy to address custodial credit risk.

#### NOTE 4. RECEIVABLES

Receivables as of December 31, 2020, including the applicable allowances for uncollectible accounts, are as follows:

		Go	ver	nmental Fun	ds		Enterprise Funds

#### NOTE 5. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The composition of interfund balances as of December 31, 2020, is as follows:

	Receivable Fund		Payable Fund		
Governmental Funds					
Major					
General Fund	\$	27,848	\$	3,148,999	
Local Hospitality Fund		-		332	
Goose Creek Municipal Finance Corporation		151,727		-	
Nonmajor		2,997,272		3,178	
Enterprise Funds					
Water Department		-		24,338	
	\$	3,176,847	\$	3,176,847	

Interfund balances largely result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

The composition of interfund transfers for the year ended December 31, 2020, is as follows:

	T	ransfers In	Transfers Out		
Governmental Funds					
Major					
General Fund	\$	-	\$	3,301,172	
Goose Creek Municipal Finance Corporation		734,441		-	
Total Governmental Funds		734,441		3,301,172	
Enterprise Funds					
Recreation Department		2,566,731		-	
Total Enterprise Funds		2,566,731		-	
Total Transfers	\$	3,301,172	\$	3,301,172	

Transfers are used (1) to move revenues from the fund that a statute or budget requires to collect them to the fund that a statute or budget requires to expend them, and (2) to use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. The City also transferred capital assets of \$345,696 from governmental activities to its business-type activities as noted on the Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities.

#### NOTE 6. CAPITAL ASSETS

Capital asset activity for the governmental activities for the year ended December 31, 2020, is as follows:

	Beginning Balance	Increases	Decreases	Transfers	Ending Balance
Governmental activities:					
Capital assets, not being depreciated:					
Land	\$ 7,961,070	\$ -	\$ (133,334)	\$ -	\$ 7,827,736

#### NOTE 8. LONG-TERM LIABILITIES

The City has the following forms of long-term indebtedness:

Lease Obligations – The City has entered into lease-purchase agreements for golf maintenance equipment and gym fitness equipment accounted for in the Recreation Department Fund and fire/paramedic equipment accounted for the City's governmental activities. Debt service expenditures including principal and interest are reported in the General Fund.

Revenue Bonds – The Installment Revenue Repurchase Bonds are funded by the General Fund and were used for the construction of a fire station and fire headquarters, and the Special Obligation Bonds (Hospitality Fee Pledge) are funded by the Hospitality Tax Fund and were used for the construction of a recreation activity center.

Notes Payable – The City has entered into various note payable agreements with a financial institution for the purchase of three new sanitation trucks and a pumper truck. The City has also entered into a note payable agreement with the State of South Carolina State Revolving Loan Fund for the construction of a water system upgrade. The sanitation vehicle note payable and the pumper truck note payable is reported in the City's governmental activities with the associated debt service expenditures reported in the General Fund. The water system upgrade note payable is accounted for in the Water Department Fund.

Compensated Absences Payable – These obligations represent accumulated annual leave benefits which were not funded by the current or prior years' revenue resources. These obligations are primarily funded by the General Fund.

Net Pension Liability – The City participates in the South Carolina Retirement System and the Police Officers Retirement System. These plans are discussed in Note 11.

#### NOTE 10. OTHER INFORMATION

#### A. Commitments and Contingent Liabilities

#### **Grants**

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, could become a liability of the general fund or other applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

#### NOTE 10. OTHER INFORMATION (CONTINUED)

#### A. Commitments and Contingent Liabilities (Continued)

#### Litigation

The City is involved in several pending lawsuits. The nature of the lawsuits varies considerably. Management and the City's legal counsel have determined an aggregate liability, which is reasonably possible to arise from the proceedings of up to \$300,000. The entire amount is believed by management and legal counsel to be probable and is recorded as accounts payable on the Recreation Department Fund Statement of Net Position as of December 31, 2020. The City will continue to assert its position in a defense against these claims.

#### Long-Term Contract - Water Purchases

On September 13, 1994, the City entered into a 35 year, automatically renewable contract with the Lake Moultrie Water Agency, a joint municipal water system created under the "Joint Municipal Water Systems Act," Section 6-25-10 et. seq. of the South Carolina Code of Laws, 1976. The Agency water supply system became operational in September of 1994.

Under the contract, the City owns 18% of the capacity of the Lake Moultrie Water Agency water supply system for the term of the contract, and agrees to purchase and pay for 3.6 million gallons per day of water capacity. Cost per gallon is established annually on a cost of service basis, calculated following the guidelines of the American City Association. Any variances in actual operations costs from the projected costs related to the City's proportionate share are calculated annually, and the City is credited or assessed for any differences at year-end. The City has the right to purchase or sell excess capacity to other contract participants according to need or availability. The current year expenditures for the purchase of water were \$1,464,206.

The estimated demand and volumetric charges for the next three years are as follows:

Year ending December 31,	Total		
2021	\$	1,481,622	
2022	\$	1,510,035	
2023	\$	1,528,222

#### Long-Term Contract – Recreation

In May 2008, the City entered into a contract with the Goose Creek Recreation Commission whereby the City assumed the operations of the Recreation District to provide recreational services to all residents served by the Commission, both within and outside the City. The term of this agreement is 20 years and provides for automatic extensions for additional terms of 20 years each, unless either party, by written notice to the other given at least 24 months prior to the expiration of the then term, elects to withdraw from or terminate this agreement. For these services the City will receive a sum no more than the equivalent of the sum represented by applying the City's millage rate designated and budgeted for recreational services to all taxable real and personal property located within the boundaries of the District. The transition under this agreement was completed January 1, 2009, and the Recreation Department is accounted for by the City as an enterprise fund.

#### Risk Management

The City is exposed to various risks of losses related to torts, including theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The City is a member of the South Carolina Municipal Insurance and Risk Financing Fund, a public entity risk pool currently operating as a common risk management and insurance program for local governments. The City pays an annual premium to the Municipal Insurance and Risk Financing Fund for its general insurance and workers' compensation. The South Carolina Municipal Insurance and Risk Financing Fund is self-sustaining through member premiums and reinsures through commercial companies for certain claims.

The City has not significantly reduced insurance coverages from the previous year, and settled claims in excess of insurance coverage for the last three years were immaterial. For each of the insurance programs and public entity risk pools in which they participate, the City has effectively transferred all risk with no liability for unfunded claims.

#### NOTE 11. DEFINED BENEFIT PENSION PLAN

The South Carolina Public Employee Benefit Authority (PEBA), created July 1, 2012, is the state agency responsible for the administration and management of the various Retirement Systems and retirement programs of the state of South Carolina, including the State Optional Retirement Program and the S.C. Deferred Compensation Program, as well as the state's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' five defined benefit pension plans. PEBA has an 11-member Board of Directors, appointed by the Governor and General Assembly leadership, which serves as custodian, co-trustee and co-fiduciary of the Systems and the assets of the retirement trust funds. The Retirement System Investment Commission (Commission as the governing body, RSIC as the agency), created by the General Assembly in 2005, has exclusive authority to invest and manage the retirement trust funds' assets. The Commission, an eight-member board, serves as co-trustee and co-fiduciary for the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority (SFAA), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems. For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with generally accepted accounting principles (GAAP). For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

PEBA issues a Comprehensive Annual Financial Report containing financial statements and required supplementary information for the Systems' Pension Trust Funds. The Comprehensive Annual Financial Report is publicly available through the Retirement Benefits' link on PEBA's website at <a href="www.peba.sc.gov">www.peba.sc.gov</a>, or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the state of South Carolina and therefore, retirement trust fund financial information is also included in the comprehensive annual financial report of the state.

#### Plan Description

The City contributes to the South Carolina Retirement System (SCRS), a cost–sharing multiple-employer defined benefit pension plan, was established July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits for teachers and employees of the state and its political subdivisions. SCRS covers employees of state agencies, public school districts, higher education institutions, other participating local subdivisions of government and individuals newly elected to the South Carolina General Assembly at or after the 2012 general election.

#### NOTE 11. DEFINED BENEFIT PENSION PLAN (CONTINUED)

#### Plan Description (Continued)

In addition to the SCRS pension plan, the City also contributes to the South Carolina Police Officers Retirement System (PORS), a cost–sharing multiple-employer defined benefit pension plan, was established July 1, 1962, pursuant to the provisions of Section 9-11-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits to police officers and firefighters. PORS also covers peace officers, coroners, probate judges and magistrates.

#### Membership

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is presented below.

<u>SCRS</u> - Generally, all employees of covered employers are required to participate in and contribute to the SCRS as a condition of employment. This plan covers general employees, teachers and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

<u>PORS</u> - To be eligible for PORS membership, an employee must be required by the terms of his employment, by election or appointment, to preserve public order, protect life and property, and detect crimes in the state; to prevent and control property destruction by fire; or to serve as a peace officer employed by the Department of Corrections, the Department of Juvenile Justice, or the Department of Mental Health. Probate judges and coroners may elect membership in PORS. Magistrates are required to participate in PORS for service as a magistrate. PORS members, other than magistrates and probate judges, must also earn at least \$2,000 per year and devote at least 1,600 hours per year to this work, unless exempted by statute. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

#### NOTE 11. DEFINED BENEFIT PENSION PLAN (CONTINUED)

#### **Benefits**

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation. A brief summary of the benefit terms for each system is presented below.

<u>SCRS</u> - A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active or retired members of employees who participate in the death benefit program.

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of 1% or \$500 every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

<u>PORS</u> - A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 55 or with 25 years of service regardless of age. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension at age 55 or with 27 years of service regardless of age. Both Class Two and Class Three members are eligible to receive a deferred annuity at age 55 with five or eight years of earned service, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program. Accidental death benefits are also provided upon the death of an active member working for a covered employer whose death was a natural and proximate result of an injury incurred while in the performance of duty.

The retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of 1% or \$500 every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase.

#### NOTE 11. DEFINED BENEFIT PENSION PLAN (CONTINUED)

#### **Contributions**

Actuarial valuations are performed annually by an external consulting actuary to ensure applicable contribution rates satisfy the funding parameters specified in Title 9 of the South Carolina Code of Laws. Under these provisions, SCRS and PORS contribution requirements must be sufficient to maintain an amortization period for the financing of the unfunded actuarial accrued liability (UAAL) over a period that does not exceed the number of years scheduled in state statute. Legislation in 2017 increased, but also established a ceiling for SCRS and PORS employee contribution rates. Effective July 1, 2017, employee rates were increased to a capped rate of 9.00 percent for SCRS and 9.75 percent for PORS. The legislation also increased employer contribution rates beginning July 1, 2017 for both SCRS and PORS by two percentage points and further scheduled employer contribution rates to increase by a minimum of one percentage point each year in accordance with state statute. However, the General Assembly postponed the one percent increase in the SCRS and PORS employer contribution rates that was scheduled to go into effect beginning July 1, 2020. If the scheduled contributions are not sufficient to meet the funding periods set in state statute, the board shall increase the employer contribution rates as necessary to meet the funding periods set for the applicable year. The maximum funding period of SCRS and PORS is scheduled to be reduced over a ten-year schedule from 30 years beginning fiscal year 2018 to 20 years by fiscal year 2028.

Additionally, the Board is prohibited from decreasing the SCRS and PORS contribution rates until the funded ratio is at least 85 percent. If the most recent annual actuarial valuation of the Systems for funding purposes shows a ratio of the actuarial value of system assets to the actuarial accrued liability of the system (the funded ratio) that is equal to or greater than 85 percent, then the board, effective on the following July 1, may decrease the then current contribution rates upon making a finding that the decrease will not result in a funded ratio of less than 85 percent. If contribution rates are decreased pursuant to this provision, and the most recent annual actuarial valuation of the system shows a funded ratio of less than 85 percent, then effective on the following July 1, and annually thereafter as necessary, the board shall increase the then current contribution rates until a subsequent annual actuarial valuation of the system shows a funded ratio that is equal to or greater than 85 percent. For the year ended December 31, 2020, the City contributed \$1,666,245 to the SCRS plan and \$682,321 to the PORS plan.

#### Actuarial Assumptions and Methods

Actuarial valuations of the plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. An experience report on the Systems was most recently issued for the period ending June 30, 2019 for first use in the July 1, 2021 actuarial valuation.

The following table provides a summary of the actuarial assumptions and methods used in the July 1, 2019, valuations for SCRS and PORS.

	SCRS	PORS
Actuarial cost method	Entry Age	Entry Age
Actuarial assumptions:		
Investment rate of return	7.25%	7.25%
Projected salary increases	3.0% to 12.5%	3.5% to 9.5%
	(varies by service)	(varies by service)
Includes inflation at	2.25%	2.25%
Benefit adjustments	lesser of 1% or \$500	lesser of 1% or \$500

The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumption, the 2016 Public Retirees of South Carolina Mortality table (2016 PRSC), was developed using the Systems' mortality experience. These base rates are adjusted for future improvement in mortality using published Scale AA projected from the year 2016.

#### NOTE 11. DEFINED BENEFIT PENSION PLAN (CONTINUED)

#### Actuarial Assumptions and Methods (Continued)

The long-term expected rate of return on pension plan investments is based upon 20-year capital market assumptions. The long-term expected rates of return represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market-based inputs. Expected returns are net of investment fees. The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2020 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized in the table below. For actuarial purposes, the 7.25 percent assumed annual investment rate of return used in the calculation of the TPL includes a 5.00 percent real rate of return and a 2.25 percent inflation component, which is summarized in the table below.

#### NOTE 11. DEFINED BENEFIT PENSION PLAN (CONTINUED)

#### **Discount Rate**

The discount rate used to measure the total pension liability was 7.25 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS and PORS will be made based on the actuarially determined rates based on provisions in the South Carolina State Code of Laws. Based on those assumptions, the City's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The following table presents the sensitivity of the net pension liabilities to changes in the discount rate.

The following table presents the sensitivity of the net pension liability to changes in the discount rate.

#### **Net Pension Liability**

The June 30, 2020, (the measurement date) total pension liability, net pension liability, and sensitivity information were determined by the consulting actuary, Gabriel, Roeder, Smith and Company (GRS), and are based on the July 1, 2019 actuarial valuation. The total pension liability was rolled-forward from the valuation date to the plan's fiscal year ended June 30, 2020, using generally accepted actuarial principles. Information included in the following schedules is based on the certification provided by GRS.

The net pension liability is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB No. 67, less that system's fiduciary net position.

#### Pension Expense and Deferred Outflows and Inflows of Resources (Continued)

The City reported the following outflows of resources: \$1,006,185 and \$215,257 related to contributions subsequent to the measurement date in governmental and business-type activities, respectively, which will be recognized as a reduction of the net pension liability in the year ending December 31, 2021. Other amounts reported as deferred outflows and inflows of resources will be recognized in pension expense in future years. Average remaining service lives of all employees provided with pensions through the pension plans at June 30, 2020, was 3.984 and 4.176 years for SCRS and PORS, respectively.

The following schedule reflects the amortization of the City's proportional share of the net balance of remaining deferred outflows and inflows of resources:

#### Payables to the Pension Plans

At December 31, 2020, the City reported payables of \$308,110 and \$120,055 for the outstanding amount of contributions due to SCRS and PORS, respectively. The liabilities will be paid in the normal course of paying year-end obligations.

#### Money Purchase Pension Plans

The City maintains a money purchase pension plan for grandfathered employees that are not in the South Carolina Retirement Systems (SCRS) and sworn police officers who have been employed for one year. The plan is administered through ICMA-IRC. The City contributes 1% of the annual compensation of the sworn police officers after one year of employment and an amount equal to the voluntary contributions up to a maximum of 2%. The City also contributes an amount up to 1% less than the City's contribution rate for SCRS and group life insurance, currently 14.41%, for grandfathered employees that are not in SCRS. All employees can also make voluntary, tax deferred contributions at an amount equal to the maximum amount allowed under Internal Revenue Service regulations. All money purchase pension plans are 100% vested immediately. Total contributions to the plan by the City in 2020 were \$108,199.

The City also maintains a money purchase pension plan for the City Administrator and others deemed eligible by a majority vote of City Council. The City contributes 8% of the employee's base salary per year, which is 100% vested immediately. Total contributions to the plan by the City were \$9,106 in 2020.

#### South Carolina State Firemen's Association Retirement Plan and Trust

In 2002, the City established a supplemental retirement plan for paid firemen under the provisions of the South Carolina Firemen's Association Retirement Plan and Trust, a defined contribution plan established under Section 401(a) of the Internal Revenue Code. The Plan is administered by a three to five member managing committee elected by the Fire Department employees. The Plan is available to all paid fire department employees with one year of service. Plan members may make voluntary contributions at an amount up to 10% of the employee's annual compensation. The assets of the Plan are held for the exclusive benefit of the Plan participants and their beneficiaries, and are not available to creditors of the City. Employer contributions to the Plan are determined by the Managing Committee of the Fire Department from funds provided pursuant to Sections 23-9-450 and 23-9-460 of the Code of Laws of the State of South Carolina (firemen's insurance and inspection funds). Total contributions to the Plan by the City in 2020 were \$56,077, which is equivalent to the required contributions. The annual contribution is recorded as a disbursement in the Fireman's 1% Agency Fund.

# REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED) NOTES TO BUDGETARY COMPARISON SCHEDULEGENERAL FUND, LOCAL HOSPITALITY TAX FUND AND GOOSE CREEK MUNICIPAL FINANCE CORPORATION FOR THE YEAR ENDED DECEMBER 31, 2020

#### **Summary of Significant Accounting Policies**

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the General Fund, Capital Projects Fund, and all special revenue funds except the Tourism Fund. Budgets for the General Fund and the special revenue funds that are major funds are presented as required supplementary information.

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. Prior to October 1, the City Administrator submits to the City Council a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- b. Public hearings are conducted to obtain taxpayer comments.
- c. Prior to December 31, the budget is legally enacted through passage of an ordinance.
- d. The appropriated budget is prepared by fund, function, department, and object. The City Administrator is authorized to transfer budgeted amounts within departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council. The legal level of control (i.e., the level at which expenditures may not legally exceed appropriations) is the fund level.
- e. Formal budgetary integration is employed as management control device during the year for the general, capital projects and certain special revenue funds.

All annual appropriations lapse at year-end and the City does not employ encumbrance accounting.

No supplemental budgetary appropriations were made during the year.

**COMPLIANCE SECTION** 

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members of the City Council Goose Creek, South Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the **City of Goose Creek, South Carolina** (the "City") as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated May 5, 2021.

#### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

AN ORDINANCE TO ADOPT THE 2021 COMPREHENSIVE PLAN UPDATE FOR THE CITY OF GOOSE CREEK, PURSUANT TO THE SOUTH CAROLINA LOCAL GOVERNMENT COMPREHENSIVE PLANNING ENABLING ACT 1994, AS AMENDED

WHEREAS, the Mayor and City Council is mindful of the necessity to comply with the South Carolina Local Government Comprehensive Planning Enabling Act of 1994; and

WHEREAS, it is expressly understood that the Comprehensive Plan including all elements, shall be updated at least once every ten (10) years; and

**WHEREAS**, it is expressly understood that the Comprehensive Plan, including all elements, shall be reviewed, and amended as necessary no less than every five (5) years; and

Whereas, City Council adopted a Comprehensive Plan for the City of Goose Creek in 2010, with a five-year update adopted in 2015; and

Whereas, the City of Goose Creek's Planning Commission found it necessary and appropriate, in accord with the SC Local Government Comprehensive Planning Enabling Act, to conduct a ten (10) year update of the City of Goose Creek Comprehensive Plan to meet changing conditions and recommended approval by Resolution, by the Planning Commission, to adopt the Goose Creek Comprehensive Plan; and

Whereas, the City of Goose Creek will consider adoption of the 2021 Comprehensive Plan, hereinafter referred to as "the Comprehensive Plan" to provide a coordinated and comprehensive plan of long-term goals, objectives, and priorities that will guide future development of Goose Creek for the next ten (10) years; and

Whereas, the Comprehensive Plan addresses all the planning elements required by Chapter 29 of the South Carolina Local Government Comprehensive Planning Enabling Act of 1994 as follows: population, housing, economic development, cultural and natural resources, community facilities, land use, transportation, and priority investment areas; and

Whereas, the City Council held a City Council Workshop on March 23, 2021 on the contents of the plan, wherein amendments were made; and

Whereas, a first reading and public hearing was held April 13, 2021 to consider public comments on the Comprehensive Plan during a meeting of the City Council; and

Whereas, the second reading and public hearing was held on May 11, 2021 to further consider public comments on the Comprehensive Plan during a meeting of the City Council.

**Now, therefore be it resolved** that the Comprehensive Plan shall be utilized by City Council, the Planning Commission and all City of Goose Creek departments, agencies, and officials as the official guide in making decisions concerning growth and development within the City of Goose Creek.

City of Goose Creek, South Carolina, in Co	nd ordered by the Mayor and City Council of the ouncil duly assembled, that the 2021 Update to of Goose Creek, and all associated appendices,

#### Memorandum/Staff Report

TO: Honorable Mayor and City Council

FROM: Mr. Mark Brodeur, Planning and Zoning Director

**DATE:** April 13, 2021

SUBJECT: 2021 Goose Creek Comprehensive Plan

#### Proposal:

The adoption of the 2021 Goose Creek Comprehensive Plan

#### Background/Discussion:

The Plan before you this evening represents a roadmap of the community's collective vision for the next 10 years. In great detail, the Plan describes the vision and the steps to take in order to fulfill it.

In a nutshell, the Plan is written to build a new more appealing City that would give Goose Creek a greater sense of place and identity. It also carefully guides us away from being simply a bedroom community to a maturing City that has its own identity. The Plan hopes to establish a series of Village Centers versus one central downtown district. The plan hopes to create distinctive centers where residents would shop, eat and recreate and others would want to visit. Of course, the Plan is about more than creating a series of village centers: it also provides plans for future transportation, aging shopping centers and the siting of new mixed-use development. It takes directed aim at our most distressed corridors and suggests ways in which they can successfully redevelop.

Most importantly though, it takes us from burgeoning bedroom community to a live/work/play suburb with its very own sense of place.

To fulfill State requirements, upon completion, the document must include the following components: An inventory of existing conditions, a vision statement with corresponding needs and goals, an assessment of the nine required elements and an implementation strategy with practical steps, actions, responsible parties and time frames for achievement. The document before you this evening does all those things.

It was easy to see on the "word clouds" created by online survey-takers that TRAFFIC was the #1 issue. That's not unusual for a bedroom suburb to feel when it lies between a key employment center like the City of Charleston and residential enclaves in northern in Berkeley County. Much of that traffic, while not generated by City residents is a key factor in how our residents perceive their quality of life.

The efficient movement of people, goods and services supports a healthy and livable community as well as supports the economic vitality of our community. Without efficient mobility, the resident's perception of quality of life erodes despite all other efforts to make this a great place to live.

The Plan suggests ways in which multi-family housing can coexist with other residential types. Formerly a community of single use zones, the Plan suggests the consideration of mixed-use zones, located along Goose Creek's commercial corridors, give the community a place where can people can walk to stores and restaurants rather than acres upon acres of paved surfaces. The concept of revitalizing and updating our aging commercial centers is a key aspect of the Plan.

Further the Plan suggests where the ultimate corporate boundaries of the community should extend to. Filling donut holes of unincorporated parcels is also a goal of the Plan. Our 41 square miles zigzag south to the Cooper River and north and west to Summerville and unincorporated Berkeley County. Donut holes are a county-wide issue as municipalities continue to expand their borders to accommodate growth.

Some say the direction in which we handle rapid growth over the next decade will determine our future. Therefore, this year's 10-year Comprehensive plan might be the most critical in the city's history.

#### PLANNING COMMISSION RESOLUTION TO RECOMMEND TO CITY COUNCIL THE ADOPTION OF THE 2021 COMPREHENSIVE PLAN

WHEREAS, the City of Goose Creek and community at large recognize the value of planning for future development and growth; and;

WHEREAS, the City Council approved a process for updating the City's Comprehensive Plan in February 2020; and;

WHEREAS, the Planning Commission, composed of members of the public, guided the creation of the Comprehensive Plan in 2020-21; and;

WHEREAS, the Planning Commission, Planning Staff and their consultants guided the visioning and creation for the future of Goose Creek diligently over a fourteen (14) month period to guide investigations into the City's existing conditions and opportunities, and;

WHEREAS, during the Covid-19 pandemic, successfully engaged the public and solicited feedback through a variety of in-person and online meetings and exercises throughout the planning process; and;

WHEREAS, the Planning Commission, Planning Staff, and their consultants have provided input, recommendations and implementation strategies in response to the public input and findings; and;

WHEREAS, this process is in conformance with State of South Carolina enabling legislation, SC Code Title 6, Chapter 29 and meets all requirements of Article 3, Sections 6-29-510, 520, 530, and 540; and;

BE IT RESOLVED by the City of Goose Creek Planning Commission this, the 2<sup>nd</sup> day of March, 2021, that the City of Goose Creek's 2021 Comprehensive Plan, is recommended for adoption to City Council.

Attention: Mr. Mark Brodeur City of Goose Creek Planning & Zoning Department 519 North Goose Creek Blvd Goose Creek, South Carolina 29445

Dear Mr. Brodeur,

Reference: TMS# 235-13-02-019 Annexation Request

Stantec submits this annexation request on behalf of the project developer, STYO Development LLC. The intent of this request is to annex the existing parcel at TMS# 235-13-02-019 from Berkeley County where it is currently zoned General Commercial ("GC") to the City of Goose Creek. This parcel is 3.00 acres and accessed via Stephanie Drive. The future plans for this parcel include rezoning to Planned Development as part of the Stephanie Drive PD currently under City review. This PD encompasses a total of 9.49 acres and will include both a residential and commercial component to the development.

Included herein is the signed annexation application signed by the property owner and a copy of the deed. We look forward to working with you on this project.

AN ORDINANCE TO AMEND THE ZONING MAP OF THE CITY OF GOOSE CREEK, SOUTH CAROLINA, TO PROVIDE FOR CHANGES IN THE ZONING DISTRICTS OF THE CITY OF GOOSE CREEK BY CHANGING THE ZONING CLASSIFICATION OF THE PROPERTY LOCATED ON THE CORNER OF SASS DRIVE AND OLD MONCKS CORNER ROAD, FURTHER IDENTIFIED AS TMS# 234-08-00-084, FROM GENERAL COMMERCIAL (GC) TO LOW DENSITY RESIDENTIAL (R-1).

**WHEREAS,** the Planning Commission of the City of Goose Creek held a public hearing on May 4, 2021, to receive public comment and to consider A CHANGE IN ZONING CLASSIFICATION FROM General Commercial (GC) to Low Density Residential (R-1) for a 1.13 acres parcel located on the corner of Sass Drive and Old Moncks Corner Road, further identified as TMS# 234-08-00-084.

**WHEREAS,** pursuant to said public hearing, the Planning Commission has recommended that the zoning classification of the property aforesaid be changed to the Low Density Residential (R-1) Zoning District.

**NOW, THEREFORE, BE IT ORDAINED** and ordered by the Mayor and City Council of the City of Goose Creek, South Carolina, that the Zoning Map of the City of Goose Creek, South Carolina, is hereby amended by changing the Zoning District classification of a 1.13 acres parcel located on the corner of Sass Drive and Old Moncks Corner Road, further identified as Tax Map number 234-08-00-084, and outlined on the attached staff report from General Commercial (GC) to Low Density Residential (R-1).

All ordinances and provisions in conflict herewith are repealed, and if any sentence, clause, phrase or word contained herein shall be held invalid, such invalidity shall not affect the validity of the remainder of this ordinance.

This ordinance shall become effective immediately upon adoption.

#### MEMORANDUM

TO: Mayor Gregory Habib, and City Council

FROM: Brenda Moneer, Planning and Zoning Technician

DATE: May 4, 2021

SUBJECT: Rezoning Request – Old Moncks Corner Rd.,

TMS# 234-08-00-084

#### **Request for Rezoning:**

The applicant proposes to rezone the vacant property identified as TMS#234-08-00-084 from General Commercial (GC) to Low Density Single Family (R1). The applicant plans to build one (1) single family home on the property. A single-family home is not a use by right within a General Commercial (GC) zoning Classification.

#### **Discussion Points:**

The subject property is approximately 1.13 acres in size and is currently a vacant commercial property.

- Currently there are residential properties down Sass Drive (west) and a vacant parcel to the south located within Berkeley County zoned (R1) Single Family Residential District.
- Vacant properties to the north are within the City of Goose Creek Boundary zoned General Commercial (GC).
- The City of Goose Creek Recreation Facility, Walker Trail/pond area, and City Hall Municipal Complex sits on Properties to the east, across Old Moncks Corner Road. These parcels are within the City of Goose Creek Boundary, zoned Conservation Open Space (CO).

Within close proximity to this parcel, a Church is located to the north at the corner of Old Moncks Corner Rd and Old Mt. Holly Rd within the City of Goose creek Boundary, zoned General Commercial (GC). The parcel .09 miles south is located in the City of Goose Creek Boundary, zoned Low-Density Residential (R1).

#### **Recommendation:**

The property is located in the Low-Density Residential area as shown on the future land use map of the tentative Comprehensive Plan 2020, and surrounded by residential development and vacant residential zoned parcels located within Berkeley County, zoned Low-Density Residential (R1), and Medium-Density Residential (R2).

It is Staff's opinion that the proposed zoning of Low-Density Residential is compatible with the location of the property and provides the necessary zoning for the best use of the property. The proposed zoning would meet the lot criteria as outlined in Appendix "D" of the City Zoning Code. Also, it is Staff's view that the Low-Density Residential zoning for this property is consistent with the City's tentative Comprehensive Plan 2020.

In keeping with the future land use map designation, Staff recommends this rezoning request.

**Zoning Map** 

#### Overview

Low-density residential areas will be developed in both new areas and existing neighborhoods that promote a sense of community. Development will be located where it can be served efficiently by infrastructure, facilities and services, and transportation networks. All development activity will be designed to mitigate adverse impacts on any historic, cultural, and/or natural resources.

#### Land Uses and Development Types

- Large-lot (> 0.25 acre) single-family residential detached housing
- Neighborhood parks smaller than 3
- Neighborhood-level amenities and recreation
- Neighborhood-level civic and institutional uses (schools, churches, etc)
- Planned communities and infill housing on larger lots.

#### Implementation Measures

- Zoning updates that promote and encourage housing diversity
- Revision of architectural and site design standards to encourage better-quality development
- Encourage Smart Growth and Traditional Neighborhood Development principles, where appropriate
- · Complaint-based code enforcement
- Traffic calming, where necessary
- Local streets that connect to collector streets
- Pedestrian amenities such as connected sidewalks and trails
- Infill development

#### **Relationship to Comprehensive Plan**

The newly created Comprehensive Plan Future Land Use Map tentatively recommends this area for R1)Single Family Residential Development. (see map on page 3 of 4)

#### History of Property NONE

#### **Staff Comments**

The site currently is a vacant 1.13 acre parcel. The applicant would like to build one (1) single-family residence on the property. A single family home is not a permitted use by right in a GC)General Commercial zoning classification. Therefore, the applicant is requesting to rezone the parcel from GC)General Commercial to R1)Low Density Single-Family Residential.

A Church is located north at the corner of the property of Old Moncks Corner Rd and Old Mt. Holly Rd. There currently is a residence, located in the County, down Sass Drive. The parcel .09 miles to the south is located in the City and is currently zoned R1)Low Density Single-Famly Residential. To the east is the City Municipal Complex that includes the Recreation Facility, City Hall, and pond/walker trail.

In keeping with the future land use map designation, staff recommends this rezone request.

#### § 34.20 DEFINITIONS.

For the purpose of this chapter, the following definitions shall apply unless the context indicates or requires a different meaning.

AGENCY, USING AGENCY. Any of the departments, offices or other organizational units of the city government.

BIDDERS LIST. A current file of sources of supply for articles repetitively purchased for city use.

CONTRACTUAL SERVICES. Any telephone, electric light and power services, towels, window washing and cleaning services, the rental of equipment and machinery and other types of agreements under which the contractor provides services which are required by the city government, but not furnished by city employees. CONTRACTUAL SERVICES do not include legal advertising, and purchases of space for legal advertising shall not be subject to the provisions of this chapter.

CONSTRUCTION MANAGER-AT-RISK SERVICES. A project delivery method in which the city awards separate contracts, one for design services to design a project and the second to a construction manager at-risk for both construction of the project according to the design and construction management services, which include but are not limited to those professional services associated with contract administration, project management, and other services provided in connection with the administration of a construction project.

DESIGN-BUILD SERVICES. A method of construction or construction contract management in which a single entity (or group of associated entities) provides to the city

#### all or substantially all of the services necessary to both design and construct a project.

DEFINITE QUANTITY CONTRACTS. A contract whereby a contractor agrees to furnish a specified quantity of supplies, materials or equipment at a specified time.

INDEFINITE QUANTITY CONTRACTS. A contract whereby the city agrees to obtain from a contractor all its requirements for specified supplies, materials or equipment in an estimated, but undetermined, amount during a prescribed period of time at a definite unit price or at a specified discount from list or posted price.

IRRESPONSIBLE BIDDER. A bidder who fails to furnish, upon written request, proof of responsibility, who has, as a vendor or contractor with the city, repeatedly made slow or unsatisfactory deliveries, or who has violated, or attempted to violate, the provisions of this chapter.

PERSONAL PROFESSIONAL SERVICES. The services of attorneys, physicians, architects, engineers, consultants or other individuals or organizations possessing a high degree of technical skill and offering the services on a fee basis.

PRICE AGREEMENTS. An agreement whereby a contractor agrees to supply the city requirements for items, such as replacement parts for different makes of mechanical or automotive equipment during a prescribed period of time at a definite unit price, or at a specified discount from list or posted price.

PURCHASING AGENT. The City Administrator or other duly designated officer or employee.

RESPONSIBLE BIDDER. A bidder who has furnished, when requested, information and data to prove that the bidder's financial resources, production or services facilities, service reputation and experience are adequate to make satisfactory delivery of supplies, materials, equipment or contractual service on which the bidder bids and who has not violated, nor attempted to violate, any provision of this chapter.

SUPPLIES, MATERIAL, EQUIPMENT. Any articles or things which shall be furnished to or used by any department, including any printing, binding or publication of stationery, forms, laws, journals and reports.

(1985 Code, § 9-20) (Ord. 18-032, passed 12-11-2018)

#### § 34.21 PURPOSE.

The purpose of this chapter is to secure for the city taxpayers the advantages and economies which will result from centralized control over the expenditure of city funds for supplies, materials, equipment and contractual services via the application of modern, business-like methods.

(1985 Code, § 9-21) (Ord. 18-032, passed 12-11-2018)

#### § 34.22 EXEMPTIONS.

Certain items are exempt from certain purchasing requirements and the city may exempt specific supplies or services from the purchasing procedures herein required or withdraw any exemptions provided for in this section:

- (A) Advertising, including but not limited to advertising time or space in newspapers, on radio or television.
  - (B) Medical and/or psychological services.
- (C) Policy, legal and utility services to include but not be limited to attorneys, bond rating services, consultants, advisors and engineers and other professional services.
  - (D) Staff development to include but not be limited to:
    - (1) Training provided by consultants, certified teachers/trainers;
    - (2) Training materials;
    - (3) Workshops, conferences, seminar registrations, etc.;
    - (4) Travel.
- (E) Utilities and energy expenses to include but not be limited to: fuel, propane, electricity, telephone, cell phones, water/sewer.
  - (F) Financial advisors and fiduciary services.
  - (G) Emergency repairs.
  - (H) Mail and delivery services.
- (I) Contracts for the wholesale purchase of electric service with contract terms for less than two years.
  - (J) Contracts that are specifically approved by a city ordinance.
- (K) Contracts that relate to regularly purchased supplies, equipment, chemicals, or services to be used in or for the direct benefit of the city's utilities, as they now exist or may exist in the future.

(Ord. 18-032, passed 12-11-2018; Ord. 20-007, passed 3-10-2020)

#### § 34.23 DUTIES OF PURCHASING AGENT.

- (A) The purchasing agent purchases all supplies, materials, equipment and contractual services required by the city.
  - (B) The purchasing agent submits to the City Council for award, and thereafter

executes contracts for all purchases of supplies, materials, equipment and contractual services in amounts or estimated amounts as designated by City Council.

- (C) The purchasing agent negotiates contracts for personal services and submits them for approval and award as provided in divisions (A) and (B) above.
- (D) The purchasing agent uses standard specifications whenever they are applicable for purchase orders and contracts and ensures insures compliance with the specifications through adequate inspection of deliveries.
- (E) The purchasing agent may transfer between departments, supplies, materials and equipment no longer needed by a holding department, but which can be used by a receiving department.
- (F) The purchasing agent exchanges, trades in or sells those supplies, materials and equipment which are surplus, obsolete or unused and are found by the City Council not to be required for public use.
- (G) The purchasing agent develops, with the approval of the City Attorney as to legal sufficiency, standard forms and conditions of invitations to bid, purchase orders and contracts.
- (H) The purchasing agent prescribes the use by the departments of other forms required to carry out the provisions of this chapter, and amends or eliminates any such forms.
- (I) Upon request of the City Council, and subject to its approval of each transaction, the purchasing agent performs all delegable functions in connection with the acquisition and disposal of real property.
- (J) The purchasing agent reduces, to the maximum extent possible, the number of purchase transactions by combining into bulk orders and contracts the requirements of departments for common use items repetitively purchased. (1985 Code, § 9-22) (Ord. 18-032, passed 12-11-2018)

#### § 34.24 PROCEDURAL REGULATIONS.

The City Administrator Purchasing Agent is hereby authorized to prepare procedural regulations to amplify the provisions of this chapter; to submit the regulations and amendments to the City Council for approval; and to promulgate and enforce compliance with the regulations including, but not limited to:

- (A) The procedure for handling bids including their custody and safeguarding, opening and tabulation, rejection and re-advertising and the procedure for determining the lowest responsible bidder;
- (B) The procedure for securing from bidders the data necessary to determine whether they are responsible;
- (C) The procedure for inspection of deliveries of supplies, materials, equipment and contractual services;
- (D) The procedure for submitting requisitions for supplies, materials, equipment and contractual services;
- (E) The procedure for control and safeguarding of supplies, materials and equipment in storerooms or at storage points including the maintenance of a perpetual inventory system showing the quantitative amounts and monetary values of the inventories; and
- (F) The matters as may be necessary to give effect to provisions of this chapter. (1985 Code, § 9-23) (Ord. 18-032, passed 12-11-2018)

#### § 34.25 EMERGENCY PURCHASES.

- (A) An emergency shall be deemed to exist when a breakdown in machinery or in an essential service occurs, or when unforeseen circumstances arise, including natural disasters, delays by contractors, transportation and an unanticipated volume of work.
- (B) If an emergency occurs during regular business hours, the department head shall immediately notify the City Administrator who shall determine the authorization of the necessary purchases. If the City Administrator is unavailable, the department head shall notify the Finance Director before making any emergency purchase. If an emergency occurs at any time other than regular business hours, the department head may purchase directly the commodities required, provided the following conditions are met:
- (1) When the estimated cost of the emergency purchase exceeds \$999, the department head shall, whenever possible, secure competitive telephone bids and order delivery to be made by the lowest responsible bidder; and
- (2) On every emergency purchase made, the department head shall, within 24 hours, submit to the City Administrator, a requisition, a tabulation of bids received, a delivery receipt and a written explanation of the circumstances of the emergency.
- (C) The City Administrator shall have the authority to make emergency purchases of up to \$5,000 without securing bids. The City Administrator shall have the authority to make emergency purchases over \$5,000 without securing bids with the approval of the Mayor. While not required in the event of an emergency, the City Administrator shall secure bids if it is practical.

#### § 34.26 REQUISITIONS AND ESTIMATES OF FUTURE REQUIREMENTS.

- (A) All department managers shall submit to the City Administrator Purchasing Agent requisitions for supplies, materials, equipment and contractual services required for departmental operations within the limits of funds appropriated therefor. The City Administrator Purchasing Agent may require department managers to justify the quantity or quality of supplies, materials, equipment and contractual services requisitioned.
- (B) All department heads shall file with the City Administrator estimates of their requirements for supplies, materials, equipment and contractual services in the form, at the time and for the future periods as the City Administrator shall prescribe. (1985 Code, § 9-25) (Ord. 18-032, passed 12-11-2018)

#### § 34.27 CONTRACTS, PURCHASES AND SALES.

- (A) All purchases of, and contracts for, supplies, materials, equipment and contractual services and all sales of personal property found by the City Council not to be required for public use, shall be based, whenever possible, on competitive bids. If the amount of the expenditure for a contractual service or for a commodity normally obtained from the same source of supply, or for a sale of personal property found by the City Council not to be required for public use, is estimated to exceed \$25,000, contract bids shall be solicited by public notice and written contracts shall be awarded, except when the services of central state purchasing are utilized. The methods and extent of public notice shall be prescribed by the City Council. If newspaper advertisements are employed as public notice, the notice shall include a general description of the commodities or services to be purchased or the commodities to be sold, shall state where contract bids and specifications may be secured, and shall specify the time and place for opening of bids.
- (B) The City Administrator Purchasing Agent shall may, in addition, solicit bids from prospective bidders, as listed on the bidders list, by sending them copies of the newspaper notice or other notice as will acquaint them with the proposed purchase or sale. All pending purchases or sales shall also, in all cases, be advertised by posting a copy of the contract bid form on a public bulletin board in or adjacent to the City Hall.
- (C) (1) All bids shall be submitted sealed to the City Administrator Purchasing Agent on the official contract bid form and, in an envelope,, which shall have indicated thereon the class of commodities to be purchased and the established time for opening of bids. A tabulation of all bids received, whether accepted or rejected, shall be open for public inspection during regular business hours for a period of not less than 30 calendar days after the bid opening.
- (2) The City Administrator Purchasing Agent shall submit a copy of the tabulation and all bids received to the City Council, together with the Administrator's award. The City Administrator Purchasing Agent may reject any or all bids for any or all commodities or contractual services included in the bid form and may re-advertise for bids when the public interest will be served thereby, but will report the action and the reasons therefor to the City Council. If all bids received are for the same total amount or unit price, and if the public interest will not permit the delay of re-advertising for bids, the City Council may authorize the City Administrator or Purchasing Agent to award the contract to one of the tie bidders by drawing of lots in public, or to purchase the commodities or contractual services in the open market, provided the price paid in the open market shall not exceed the lowest contract bid price submitted for the same commodity or contractual service. In all other cases, the contract shall be awarded by the City Council to the lowest responsible bidder for purchases and the highest responsible bidder for sales. In determining the lowest or highest responsible bidder, the City Council and the City Administrator Purchasing Agent shall take into consideration the quality offered and its conformity with the specifications, the delivery and discount terms and conditions of the bid, the service reputation of the bidder and other information and data required to prove the bidder's responsibility.
- (D) Contracts for personal property sales shall be awarded by the City Council to the highest responsible bidder and shall be subject to all other applicable requirements of this section.
- (E) It shall be the duty of the City Administrator Purchasing Agent to discourage uniform bidding by every possible means, and to endeavor to obtain full and open competition on all purchases and sales. Accordingly, the City Administrator Purchasing Agent shall require each bidder to accompany the bidder's bid with a statement made under oath that the bidder has not been a party with other bidders to an agreement to bid a fixed or uniform price. Violation of the statement shall render void the bid of the bidders. Any disclosure to, or acquisition by, a competitive bidder, in advance of the opening of the bids of the terms or conditions of the bid submitted by another competitor shall render the proceedings void and shall require re-advertising for bids.
- (F) All contract forms shall be approved by the City Attorney as to legality. All contracts shall be signed on behalf of the city by the Purchasing Agent. A copy of each signed

contract shall be filed with the City Clerk.

(G) No city real property shall be sold except by ordinance of the City Council and after the publication of the notice of sale in a newspaper of general circulation in the city at least seven days prior to the sale. The notice shall contain a property description, the name of the purchaser and the terms of and consideration for the sale. (1985 Code, § 9-26) (Ord. 18-032, passed 12-11-2018)

#### § 34.28 OPEN MARKET PURCHASES AND SALES.

- (A) If the amount of the expenditure for a contractual service or a class of commodities normally obtained from the same source of supply, or for a sale of personal property found by the City Council not to be required for public use, is estimated to be less than \$25,000, it shall be an open market transaction and shall not be subject to the requirements of § 34.27. However, all open market transactions shall, whenever possible, be based on at least three competitive bids.
- (B) The City Administrator Purchasing Agent shall solicit bids by direct mail requests to prospective bidders for the class of commodities being purchased or sold as listed on the bidders list, and by posting a copy of the invitation to bid on a public bulletin board in or adjacent to the City Hall. However, bids may be solicited by telephone for open market purchases or sales of less than \$5,000.
- (C) Written bids shall be submitted sealed to the City Administrator Purchasing Agent in an envelope indicating the class of commodities being purchased or sold, and the established time for opening of the bids. All written bids shall be opened at the time and place stated in the invitation. The City Administrator Purchasing Agent shall make a tabulation of all written and telephone bids, and the records shall be open to public inspection for at least 30 days after the date of the bid opening or telephone transaction.
- (D) Notwithstanding any other provision of this chapter, if the purchase of supplies, materials, equipment or contractual services is less than \$1,000, the City Administrator, at the Administrator's discretion only, may waive the competitive bidding requirements of this section and may make the purchases without calling for bids. The City Administrator shall not delegate to any other city officer or employee the discretion of determining whether a purchase involving an expenditure of less than \$1,000 shall be based on competitive bids. However, price and quality being equal preference shall be given to responsible local bidders.

(1985 Code, § 9-27) (Ord. 18-032, passed 12-11-2018)

#### § 34.29 LOCAL PREFERENCE POLICY.

- (A) The city seeks to encourage the participation of local businesses to provide goods and/or services to the city, resulting in increased economic activity through more local jobs, tax revenues and to entice businesses to locate in the city.
  - (B) For purposes of this section, a LOCAL BUSINESS shall be defined as follows:
- (1) The business has established and maintained a physical presence within the city limits via the ownership or lease of a building or portion of a building, for a period of not less than 12 consecutive months; and
- (2) The business employs a minimum of two full time employees at the physical location inside the city limits; and
- (3) The business has maintained a valid business license for the past 12 months; and
  - (4) The business is not delinquent to the city in any payments; and
- (5) There are no active code enforcement or planning/zoning actions against the business.
  - (C) Local preference exemptions:
    - (1) Purchases greater than \$25,000.
- (2) The local preference policy is not applicable to contracts required by state or federal statutes or regulations to be awarded to the lowest responsible bidder.
- (3) Purchases funded by outside agencies that prohibit the use of preferences; examples include but are not limited to state or federal funding.
- (D) A local business shall indicate on the quote or bid submission that the business qualifies as a "local business" under this policy. The city is not responsible for investigating whether a business qualifies as a local bidder if the indication is not included on the submitted quote or bid.
- (E) The preferential discount of 5% may be applied to the low bid of "local business" when determining the lowest responsible bid. This policy applies to the purchase of goods and services that are purchased with a total cost of less than \$25,000.
- (F) In instances where a local business and a non-local business submit equivalent lowest responsible bids or tie bids, the City Administrator Purchasing Agent has the option to give preference to the local business.
- (G) The City Administrator Purchasing Agent may provide the local business bidder, who is within 5% of the lowest responsible bidder, with a notice and an opportunity to

reduce its bid to match the lowest non-local bid. Notice may be given by telephone, in writing, or electronic mail. The local business shall have three business days after the date of such notice to match the lowest bid in writing. Should the local business match, it may be deemed the lowest responsible bidder.

- (H) No contract awarded under this section shall be assigned or subcontracted in any manner that permits more than 50% of the dollar value of the contract to be performed by an entity that is not a local business.
- (I) The city shall not make any preference to local businesses that may result in burdensome or unreasonable costs to the taxpayers nor should it restrict the city from rejecting inferior products or services.
- (J) The city reserves the right to waive or amend this policy when deemed appropriate and the City Administrator has the sole and final authority to resolve any disputes that may arise over this policy.

(Ord. 18-032, passed 12-11-2018)

#### § 34.30 REQUESTS FOR QUALIFICATIONS.

Prior to soliciting bids, the City Administrator Purchasing Agent may issue a request for qualifications from prospective bidders. Such request shall contain at minimum, a description of the goods or services to be solicited by the request for qualifications, the general scope of the work, the deadline for submission of the information, and how the prospective bidders may apply for consideration. The request shall require information concerning the prospective bidders' product specifications, qualification, experience, and ability to perform the requirements of the contract. After receipt of the responses to the request for qualification from prospective bidders, the prospective bidders shall be ranked from most qualified to least qualified based on the information provided by the City Administrator Purchasing Agent. The City Administrator Purchasing Agent may then request formal bids from one or more of the top ranked bidders. The failure of a prospective bidder to be selected to receive the invitation for bids shall not be grounds for protest.

(Ord. 18-032, passed 12-11-2018)

#### § 34.31 REQUEST FOR PROPOSALS.

- (A) Proposals are typically requested for goods or services that are highly technical or complex in nature. Examples include but are not limited to the following: professional services, legal services, architectural services, engineering services. The use of proposals shall be determined by the City Administrator Purchasing Agent. The ranking of proposals shall be performed by the City Administrator Purchasing Agent and/or City Council. Rankings shall be based on whose proposal is the most advantageous to the city. Price does not need to be an evaluation factor in the determination of acceptability of the proposal; however, evaluation factors should be stated in the request for proposals.
- (B) Prior to soliciting proposals, and at the discretion of the City Administrator Purchasing Agent, a request for qualifications may be requested from prospective bidders.

(Ord. 18-032, passed 12-11-2018)

#### § 34.32 PURCHASES OF PATENTED OR PROPRIETARY ARTICLES.

- (A) When the city requires supplies, materials or equipment produced by only one manufacturer, the City Administrator Purchasing Agent shall specify the manufacturer's make or brand in the invitation to bid and shall obtain competitive bids from authorized dealers or distributors of the manufacturer. If the manufacturer is the only bidder and only source of supply, the City Administrator Purchasing Agent is authorized to negotiate an open market purchase on contract with the manufacturer at prices and on terms most advantageous to the city.
- (B) When the city requires supplies, materials or equipment which is patented or proprietary and which is obtainable in two or more equally satisfactory and competitive makes, brands or types, the City Administrator Purchasing Agent shall list the acceptable and competitive makes, brands or types in the invitation to bid. The lists shall also include the phrase "or equal" to permit bidders to bid on alternate or additional makes, brands or types. It shall be incumbent on each bidder to prove to the satisfaction of the City Administrator Purchasing Agent that the alternate or additional make, brand or type offered is equal in quality or performance to those listed in the invitation to bid. (1985 Code, § 9-28) (Ord. 18-032, passed 12-11-2018)

#### § 34.33 PROJECT DELIVERY METHODS

(A) The City may use a design-build contract as alternative project delivery methods in appropriate circumstances. The City Administrator may determine in his or her discretion the appropriate procedure is a design-build method The Purchasing Agent shall advertise and seek appropriate proposals. Because the nature of a design-build involve sometimes competing considerations of the best design, price, and qualifications of the applicant,

such delivery methods shall not require the use of a sealed bid process and shall be based on the total merit of the applicant's proposal. Because the nature of design build contracts often involve permanent improvements, the Purchasing Agent shall provide a summary the merits of each proposal for City Council to select the most qualified proposalor to reject all proposals.

(B) The City may use the construction manager at-risk method as an alternative delivery method in appropriate circumstances. The City Administrator may determine in his or her sole discretion the appropriate procedure is a construction manager at-risk method. The Purchasing Agent shall advertise and seek appropriate proposals for the construction manager at-risk method. Because the construction manager at-risk method involves competing consideration of price and skills for a project where the design has already been determined or will be determined by separate selection, the Purchasing Agent shall determine the most qualified applicant taking into consideration price and quality.

#### § 34.334 AVAILABILITY OF FUNDS.

Except in emergencies as provided for in § 34.25, no notice of award of contract shall be issued, no contract shall be signed and no open market purchase order shall be issued until the Finance Director shall have certified that the unexpended balance in the budget appropriation or appropriations concerned is sufficient to defray the amount of the contract or purchase order.

(1985 Code, § 9-29) (Ord. 18-032, passed 12-11-2018)

#### § 34.335 SPLITTING REQUIREMENTS; ILLEGAL PURCHASES.

- (A) It shall be unlawful for any department of the city government to split its requirements for supplies, materials, equipment and contractual services into estimated amounts of less than \$25,000 in order to evade the provisions of § 34.27.
- (B) If any department of city government purchases or contracts for any supplies, materials, equipment or contractual services contrary to the provisions of this chapter, the purchase or contract shall be void and of no effect. The employee making the purchase or contract shall be personally liable for the amount of the purchase or contract, and if already paid for out of city funds, the amount therefor may be recovered in the name of the city in an appropriate legal action.

(1985 Code, § 9-30) (Ord. 18-032, passed 12-11-2018)

#### § 34.336 GRATUITIES.

- (A) The acceptance of any gratuity in the form of cash, merchandise or any other thing, except those items or things of nominal value, by an official or employee of the city from any vendor or contractor, shall be deemed a violation of this chapter and shall be cause for removal or other disciplinary action.
- (B) The offer of any gratuity to any official or employee of the city by any vendor or contractor, or prospective vendor or contractor, shall be cause for declaring the individual or firm an irresponsible bidder and debarring them from bidding as provided by § 34.36. (1985 Code, § 9-31) (Ord. 18-032, passed 12-11-2018)

#### § 34.337 DEBARMENT OF IRRESPONSIBLE BIDDERS.

The City Administrator may determine and declare a bidder to be irresponsible for the reasons cited in the definition thereof in §§ 34.34 and 34.35. If a bidder is determined to be irresponsible, the City Administrator may remove the bidder from the bidder's list and may debar the bidder from bidding for a reasonable period, but not less than one year. The debarred bidder shall be furnished with a statement of the reason for the action. (1985 Code, § 9-32) (Ord. 18-032, passed 12-11-2018)

#### § 34.338 INSPECTION.

- (A) The receiving department shall inspect deliveries of supplies, materials and equipment, or the furnishing of contractual services to insure their conformance with the specifications set forth in the purchase order or contract.
- (B) The City Administrator shall have the authority to require chemical and physical tests of samples submitted with bids and samples of deliveries to the extent necessary to determine their quality and conformance to the specifications. (1985 Code, § 9-33) (Ord. 18-032, passed 12-11-2018)

#### § 34.339 SURPLUS, OBSOLETE AND WASTE COMMODITIES.

(A) All departments shall submit to the City Administrator, at times and in the form as the City Administrator shall prescribe, reports showing stocks of all supplies, materials and equipment no longer used or which have become obsolete, worn out or scrapped. The City Administrator shall have authority to transfer any commodities which are unusable to another department in lieu of filling requisitions for the purchase of new or additional stock of the same or similar articles.

(B) The City Administrator shall have the authority to sell all the supplies, materials and equipment which cannot be used by any department and has been found by the City Council not to be required for public use, or to exchange or trade in the articles in part or full payment for new supplies, materials or equipment of a similar nature. Any sale, exchange or trade shall be made in accordance with §§ 34.27 and 34.28, whichever is applicable.

(1985 Code, § 9-34) (Ord. 18-032, passed 12-11-2018)

§ 34.40 APPROVAL BY CITY COUNCIL OF CONTRACTS OVER \$25,000; EXEMPTIONS AND PRIOR APPROVALS.

City Council shall approve all contracts over \$25,000, except:

- (A) Contracts and items as listed in § 34.22 EXEMPTIONS
- (B) Contracts for goods and/or services approved by City Council by an identifiable line item in the current budget year
- (C) Contracts for good and/or services that (i) are a part of a larger transaction that has already been approved by City Council and (ii) do not exceed the amount budgeted for such part in the original approval
- (D) Contracts for goods and/or services that are to be paid with proceeds of a debt issue if the project is identified in the ordinance authorizing the bond issue; and
- (E) Contracts which do not exceed by more than 10%, up to a \$25,000 maximum, the amount previously authorized by City Council via the methods set forth in (B), (C) or (D) of this section.

All ordinances in conflict with this ordinance are hereby repealed.

#### **Cultural Arts Commission**

Pursuant to the City Council Workshop, held on Tuesday, April 22, 2021, wherein City Council interviewed candidates for the Cultural Arts Commission (CAC), please consider the following reappointments whose terms expired on December 31, 2020, and their desire and willingness to serve an additional term is as follows:

Two (2) Year Terms to Expire December 31, 2022
Ms. Sharina Haynes

Two (2) Year Terms to Expire December 31, 2023 Mr. Taylor Clyde

Mr. Taylor Clyde is filling the unexpired term of Ms. Belle Anderson, who recently resigned and whose term would have expired December 31, 2021. Due to Mr. Clyde being appointed almost mid-year before his new term expires, City staff is requesting Mr. Clyde be allowed to continue to serve through December 31, 2023. Four (4) seats remain vacant on the CAC.

#### Zoning Board of Appeals Interviews

Pursuant to the same City Council Workshop, as previously stated, please consider the following reappointments to the Zoning Board of Appeals. As you are aware, the term for the ZBA members listed below expired on December 31, 2020, and their desire and willingness to serve an additional term is as follows:

Three (3) Year Terms to Expire December 31, 2023 Mr. Larry Monheit, Mr. Jason Dillard, Mr. Jackson Bakari

Three (3) Year Terms to Expire December 31, 2023
Ms. Sarina Freincle

Ms. Sarina Freincle is filling the seat of Mr. Gerald Stinson who recently resigned and whose term expired December 31, 2020.

If appointed, this will leave the CAC with four (4) seats remaining vacant; and the ZBA with zero (0) seats left vacant. City Council's favorable consideration of approval for these requests will be greatly appreciated.

If you have any questions or need additional information, please call, or stop by City Hall at your convenience.

2021 Water System Improvements project - Tammie Ave and Vine Street

#### **Background Summary**

DPW requested bids to replace the existing Asbestos-Cement water mains, gate valves and a fire hydrant on Tammie Ave and Vine Street to reduce the number of main breaks, isolate a lower number of residents affected by a water outage, and increase fire safety on these streets. The project funds were budgeted and approved by Council in the 2021 budget.

#### **Financial Impact**

This is a 2021 budgeted item approved by City Council. The City has received a Basic Infrastructure Grant from the South Carolina Rural infrastructure Authority to cover 75% of the cost. Palmetto Utility Group LLC, submitted a bid in the amount of \$271,330.00. The project cost to the City is \$67,832.50. The remaining balance of the project cost, \$203,497.50, will be paid via the grant.

#### Impact if denied

If the contract is denied the Water Department will have to continue to conduct spot repairs on multiple main breaks along these streets. The residents on Vine Street, will not enjoy increased flow, volume, and fire protection or a redundant looped system allowing minimum amount of customers to be without water service during repairs and maintenance.

#### Impact if approved

The City will gain a water system improvement project at minimal cost to the City and maximum benefit to its residents.

This will decrease the growing number of spot repairs we are encountering on Tammie Ave and provide increased fire protection and water quality on Vine Street.

Date: April 23, 2021

Re: Water Distribution System Improvements Project

Separate sealed bids have been solicited and received from qualified contractors for improvements to the City of Goose Creek water distribution system on Tammie Ave and Vine Street. The project includes the replacement of existing Asbestos – Cement water mains, the installation of new gate valves to increase the ability to isolate the main and replacement of an old fire hydrant. The South Carolina Rural Infrastructure Authority has awarded the City a Basic Infrastructure Grant to cover 75% of the cost.

Bids were received and opened on April 13, 2021. Three contractors responded to the solicitation. All bids were accepted. A detailed project description, Engineering Estimate, and certified Bid Tabulation are attached for your review.

Palmetto Utility Group LLC, of Branchville, SC has submitted a low, qualified bid of \$271,330.00 for this project. Therefore, I respectfully request that a contract be awarded to Palmetto Utility Group LLC, in the amount of \$271,330.00 for construction of the Water Distribution System Improvements Project. The project cost to the City is \$67,832.50 budgeted in the 2021 Water Division budget and has a remaining balance of \$82,167.50. The project remaining balance of \$203,497.50 will be paid via the grant.

Please contact me at your convenience should you have questions or require additional information.

PROJECT DESCRIPTION: The Tammie Avenue project will consist of the installation of +/-1400 LF of new six-inch C900 PVC and Class 50 Ductile Iron Pipe to replace an asbestoscement main that has reached its useful life. Included in the project is the installation of a new gate valve to increase our ability to isolate the main and replacement of an old fire hydrant assembly. All tasks will be accomplished by a SC licensed utility contractor and inspected by city personnel.

The Vine Street project will consist of the installation of +/- 1800 LF of new six-inch C900 PVC and Class 50 Ductile Iron Pipe to replace an asbestos-cement main that has reached its useful life. Included in the project is the up sizing of the new main to support the installation of a new fire hydrant and the main will be looped into the existing water distribution system to provide a redundant supply during repairs/maintenance. This will eliminate a long dead end main and remove the potential for water quality issues associated with dead end mains. All tasks will be accomplished by a SC licensed utility contractor and inspected by city personnel.

STATE OF SOUTH CAROLINA	)	
	)	
COUNTY OF BERKELEY	)	LEASE OF A PORTION OF 132 CHARLES B
	)	GIBSON AVENUE
CITY OF GOOSE CREEK	)	

This Agreement (this "Agreement") is made as of the Effective Date (as defined herein) by and between BERKELEY COUNTY SCHOOL DISTRICT, a South Carolina School District (sometimes herein BCSD or the "Lessor") and THE CITY OF GOOSE CREEK, SOUTH CAROLINA, a South Carolina municipal corporation ("Goose Creek", "City" or "Lessee" and together with Lessor, the "Parties").

WHEREAS, the Parties intend for the City of Goose Creek to lease certain described premises from the Berkeley County School District for the purposes of constructing, maintaining and using as a park and/or playground on a portion of 132 Charles B. Gibson Avenue.

NOW, THEREFORE, in consideration of the mutual covenants and promises of the Parties hereto, Lessor and Lessee have agreed and do hereby agree as follows:

#### ARTICLE 1.

#### Section 1.1. Lease.

Goose Creek (Lessee) leases from the Berkeley County School (Lessor) District the portion of 132 Charles B. Gibson Avenue cross hatched in the attached Exhibit A, all subject to the terms and conditions herein.

#### Section 1.2. Representations and Covenants of Lessor.

Section 1.2.1. The Lessor hereby makes the following representations, warranties and covenants, each of which is limited to the knowledge of the Lessor, which are true and correct as of the date of this Agreement and the Effective Date.

- A. The Lessor is the sole owner of good and marketable fee simple title to all of the Premises and the Delivery Facilities, subject only to those liens, claims, options, encumbrances, rights-of-way, easements, conditions, covenants and restrictions that would not have a material adverse effect.
- B. No options or other contracts have been granted or entered into that are still outstanding giving any other party a right to purchase any interest in the Premises or the Delivery Facilities and no options or other contracts will be granted or entered into by the Lessor giving any other party a right to purchase any interest in the Premises and the Delivery Facilities, except to the extent that such options or other contracts would not be reasonably expected to have a material adverse effect.

- C. The Lessor has the right, power and authority to enter into this Agreement and to convey the Delivery Facilities in accordance with the terms and conditions of this Agreement. This Agreement, when executed and delivered by the Lessor, will be a valid and binding obligation of the Lessor in accordance with its terms.
- D. There has not been a release of Hazardous Materials on or around the Premises and the Delivery Facilities that would be classified as a violation of federal, South Carolina or local laws or regulations.
- Section 1.3. The Lessor agrees to timely notify the Lessee in writing of any event or condition that occurs during the Term and that causes a change in the facts related to or the truth of any of the representations in Section 1.2.1 above. The Lessor has disclosed to the Lessee, and will continue to disclose to the Lessee, any and all facts necessary to prevent the statements in Section 1.2.1 from being misleading.
- Section 1.4. <u>Representations of Lessee</u>. This Agreement, when executed and delivered by Lessee, will be a valid and binding obligation of Lessee in accordance with its terms.
- A. The Lessee has the right, power and authority to enter into this Agreement and when executed and delivered by the Lessee, will be a valid and binding obligation of the Lessor in accordance with its terms.
- B. Lessee does not know of any release of Hazardous Materials on or around the Premises and the Delivery Facilities that would be classified as a violation of federal, South Carolina or local laws or regulations and will notify the Lessor if any are discovered or accidentally released by Lessee.

### ARTICLE 2. Term

- Section 2.1. <u>Effective Date, Initial Term.</u> The Initial Term of this Agreement shall commence on \_\_\_\_\_ and shall expire on the 30<sup>th</sup> anniversary of the effective date. However, if this unless this Agreement is terminated by either party pursuant to Section 2.3, the Lease shall automatically extend as provided in Section 2.2
- Section 2.2. <u>Extension Periods</u>. This Agreement shall be automatically extended for successive five year periods unless either party provides written notice to the other party by no later than six months before the end of the Initial Term or any subsequent extended term of such party's intention not to extend this Agreement.
- Section 2.3. Termination And Extension of Effective Date.

Section 2.3.1. This Agreement will terminate if the Lessor or Lessee provide notice no less than six months before the end the Initial Term or any Extension Period of its intention to terminate this Agreement.

Section 2.3.2 Early Termination. This lease may be terminated by the BCSD before the end of the initial term or within any extension periods upon 18 months notice and the City shall have the right but not the duty to remove any equipment.

## ARTICLE 3. Rent

Section 3.1. <u>Annual Rental Amount</u>. Lessor shall charge Lessee an annual rental amount of One Dollar which the parties agree is nominal rent which shall only be payable upon demand of the Lessor. The parties agree that the mutual promises and benefits to the parties provide sufficient legal consideration regardless of whether annual rent is received by Lessor.

## ARTICLE 4. Permitted Uses of Delivery Facilities

Section 4.1. Permitted Uses. Goose Creek shall use the described premises solely for recreational purposes of creating and maintaining a park. Goose Creek agrees it shall have the sole right and duty to construct or install improvements upon the leased premises and may install such improvements as Goose Creek sees fit without further permission of the Lessor. Goose Creek agrees it has the sole right and duty to install fencing as an improvement around the edge of the leased premises or such smaller area within the leased premises as Goose Creek deems appropriate. Goose Creek agrees it shall have the sole right and duty to maintain any improvements including any playground equipment that Goose Creek installs on the leased premises. Goose Creek agrees to maintain the leased premises by cutting any weeds, grass, shrubs or trees as necessary and appropriate.

Berkeley County School District shall be under no obligation to repair or maintain any improvements on the leased premises.

## ARTICLE 5. Operation and Maintenance of the Leased Premises

Section 5.1. Goose Creek Operation and Maintenance Obligations. Goose Creek shall be solely responsible for operation and maintenance of the leased premise. The expectation is that park and playground equipment will be installed by Goose Creek on the leased premises and that the City will most likely construct a fence around the area. Goose Creek will maintain any such equipment and fencing, until and unless such equipment and/or fencing is determined by the sole judgment of Goose Creek to be unsafe, obsolete or not suitable. Goose Creek may install other park or playground equipment or replace equipment on the leased

premises without approval from the Lessor. The City of Goose Creek shall cut the grass, weeds, shrubs and trees on the leased premises in a way which is appropriate for the use of the property. The lessor shall be under no obligation to maintain or inspect any equipment on the leased premises installed by the City of Goose Creek.

## ARTICLE 6 Insurance Requirements

Section 6.1. <u>Lessee's Insurance Requirements</u>. Lessee shall procure and maintain insurance against claims or damages arising out of its operations in an amount applicable to the Tort Claims Act limits as provided by law at the time of renewal. This shall not be construed as an indemnification agreement. This provision shall not be construed as a requirement that Goose Creek name the Lessor as an additional insured on any insurance policy. The City may elect to insure or not insure in its sole discretion any improvements installed or placed upon the property.

## ARTICLE 7 Default and Non-Waiver

Section 7.1 Default. Agreement and the Term hereof are subject to the limitation that if, at any time during the Term, Lessee fails to perform or observe any requirement of this Agreement and such failure shall continue for thirty (30) days after receipt of written notice thereof from Lessor to Goose Creek, an event of default will be deemed to have occurred (herein called an "Event of Default"). In an Event of Default, Lessor shall have the right, to terminate the lease.

Section 7.2 No Waiver. The failure of Lessor to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, provisions or agreements of this Agreement or to exercise any option herein contained shall not be construed as a waiver or a relinquishment for the future of any such term, covenant, condition, provision, agreement or option.

## ARTICLE 8 Miscellaneous

Section 8.1 <u>Notices</u>. Any and all notices upon receipt when required or permitted under this Agreement shall be in writing and shall be deemed sufficiently given (a) upon receipt when the same is delivered in person or by courier or (b) as of the third business day after the same has been deposited with the United States Postal Service, postage prepaid for certified or registered mail, addressed as follows:

To Lessor:

Berkeley County School District

Address:

To Lessee:

City of Goose Creek Attn: City Administrator

519 N. Goose Creek Blvd (in-person)

P.O. Drawer 1768 (by-mail) Goose Creek, SC 29445

or to such other address or addresses as either Lessor or Goose Creek by notice to the other may designate from time to time in the manner herein provided.

Section 8.2. <u>Invalidity of Particular Provisions</u>. If any term or provision of this Agreement or the application thereof to any person or circumstance shall to any extent be invalid or unenforceable, the remainder of this Agreement, or the application of such term or provision to persons or circumstances other than those as to which it is invalid or unenforceable, shall not be affected thereby, and each term and provision of this Agreement shall be valid and may be enforced to the fullest extent permitted by law.

Section 8.3. <u>Successors and Assigns</u>. The terms, conditions, covenants, provisions and agreements herein contained shall be binding upon and inure to the benefit of Lessor, its successors and assigns, and Goose Creek, its successors and assigns.

Section 8.4 <u>Amendments: Modifications</u>. This Agreement may be modified only by written agreement signed by Lessor and Goose Creek with the same formalities attendant as upon the execution of this Agreement, it being the express intention of the parties hereto that no provision, term or condition of this Agreement may be amended or varied in any way by an oral understanding or by any document not executed in accordance with this section.

Section 8.5. <u>Governing Law.</u> This Agreement is binding upon the Parties' representatives, assigns and successors. This Agreement shall be taken and deemed to have been fully executed and made by the Parties herein and governed by the laws of the State

of South Carolina. The Parties agree that any dispute will be heard exclusively in the Court of Common Pleas for Berkeley County, South Carolina.

Section 8.6. <u>Entire Agreement</u>. This Agreement sets forth the entire agreement and understanding between Lessor and Goose Creek to the subject matter hereof.

Section 8.7 <u>Recording</u>. Either Party may record this Agreement or a memorandum of this Agreement in the Office of the Register of Deeds for Berkeley County.

Section 8.8 <u>Counterparts</u>. This Agreement may be executed in multiple counterparts, each of which shall constitute one and the same instrument.

Section 8.8 <u>Severability</u>: In the event that any term or provision of this Agreement is held to be unenforceable by a court of competent jurisdiction, the remainder shall continue in full force and effect to the extent the remainder can be given effect without the invalid provision.

# **Crowfield Golf Club News and Events**

Golf Recap: Crowfield had great weather in April, hosted almost 5500 rounds. We are receiving very positive feedback from our customers on course condition, quality of food, new golf carts with GPS and customer service. Upcoming Events: Crowfield will be hosting a junior clinic on the 10th, the Spring concerts on the 14th and 28th and the annual Member Member tournament on the weekend of the 15th. Club management is following the proper COVID-19 procedures carefully and ensuring social distancing and current restrictions are being followed.

staff is looking forward to a great Spring golf season.

Golf Course Condition: The golf course is in good condition, the course is slowly starting to green-up and should start growing in the next month or so. Overall the golf course

Crowfield Golf Club is open to the general public, regardless of where you live, for membership or daily play. For more information please go to: http://www.crowfieldgolf.com or you may call 843-764-4618.
