

Event on Private Property – Large Outdoor Event with Anticipated Attendance of 250 or more persons and is open to the general public.

The organizer of a special event must fill out the application and return it to the Permits Department no less than 30 business days prior to the start of the event.

What is an Event?

Any performance, party, dinner, sale or like occurrence, with attendance greater than 250 individuals at any one time outside of any permanent structure which is fully enclosed by walls, lattice or other upright structural configuration, and is open to the general public.

Goose Creek Ordinance 2021-032 provides the framework and guidance for the issuance of Special Event Permits and exclusions from this article within the City of Goose Creek. This ordinance is not yet codified, but can be found on the City's website:

<https://www.cityofgoosecreek.com/government/code-ordinances>

Events which feature businesses or organizations providing goods or services for compensation must obtain a vendor's permit for each such business or organization. Each permittee must designate an individual who will be responsible for identifying all vendors and for collecting on behalf of the City all fee.

Permit Process

The organizer of a special event must fill out the application and return it to the Permits Department no less than 30 business days prior to the start of the event.

The permit application process begins when you submit a completed Special Event Permit Application to the City of Goose Creek. **Keep in mind that receipt of your application should in no way be construed as final approval or confirmation of your request.** A representative from the City will contact you upon receiving the application and will serve as your point of contact for the processing of your permit. Copies of the application are forwarded and reviewed by all affected City departments and / or public agencies. You may be contacted individually by these departments or agencies only if they have specific questions or concerns about your event. Throughout the review process you will be notified if your event requires any additional information, permits, licenses or certificates. During the initial application reviewing process, you will be allowed time to provide us with

all pending documents (e.g., certificate of insurance, secondary permits, etc.). These items must be received before issuing the Special Event Permit. Delays in providing these items often delay our ability to finish our review process and approve your application in a timely manner. Due to the many changing components of an event, in most cases, Special Event Permits are issued only a few days in advance of the event date.

Compensation for City Staffing

Depending on the size and type of event, the City may require personnel including Police and/or Fire to work the event. The cost of all City personnel involved during the day(s) of the event will be charged back to the organizing agency. The City shall determine the number necessary to ensure the safety of participants, minimize the inconvenience to our residents and reduce the public liability exposure to the organizing agency, as well as the City. An invoice for the cost of City Services will be transmitted to the organizing agency after the completion of the event.

Open Carry of Firearms

The City must be advised at the time of application as to whether open carrying of firearms is going to be allowed or not allowed. The Organizer cannot elect to change from open carry not allowed to open carry allowed after permit is granted

Notification

Must provide substantiation that persons owning and occupying property within 500 feet of the site have been provided the name, telephone numbers and address of the sponsor of the event; telephone numbers must include sponsor's cell phone which must be operable during the event.

City of Goose Creek Non-Discrimination Statement

The City of Goose Creek does not discriminate based on race, color, national origin, sex, religion, disability status or age in provision of services.
